GoodReader

 Cove Apple Club Apr 11, 2012 Bob Proctor

Info on GoodReader

- iOS App available in App Store for iPad or iPhone ($5)
- Web Page http://www.goodreader.net/goodreader.html
- GoodReader section in"iPad at Work", the book by David Sparks
  - GoodReader is described in 6 pages. Most of the several hundred other apps got only a half page each. (So do you get the idea that GoodReader is the "Do Everything App?")
  - The cover of the "iPad at Work" book has GoodReader as the 6th app of 24 mentioned, behind Contacts, Messages, Safari, SimpleNote, and Notesy.
- Extensive HELP in app and on web page
- Frequent updates with new features and bug fixes

What it does

- ANNOTATE!
  - Annotation is a feature long sought after by users who want to add their own mark-ups to PDFs, especially those collaborating as a team on shared documents. The types of annotations that can be created and edited in GoodReader include typewriter text boxes, popup comments ("sticky notes"), text highlights, freehand drawings, lines, arrows, rectangles, ovals, cloudy shapes, text underlines, strikeouts, text insertion marks.
- MANAGE FILES!
  - GoodReader lets you create folders, move, copy and rename your files; zip, email and unzip them; plus send your files to other apps.
- TRANSFER FILES!
  - Within moments of downloading GoodReader, you'll be transferring files in a number of ways: directly from your computer over a USB cable or WiFi connection, from the Internet or from email attachments. It also easily integrates with iDisk, Google Docs, Dropbox, SugarSync, box.net and other WebDAV, AFP, FTP and SFTP servers.
- SYNC YOUR FILES AND FOLDERS!
  - The amazing Auto Sync feature will work with MobileMe iDisk, Dropbox, SugarSync, box.net, and any other WebDAV, AFP, FTP or SFTP server.

The Demo will show...

- get BBEdit User Manual .pdf off BareBones' Web Site into GoodReader as .pdf file
- Get individual file (or files) from DropBox
- sync files through DropBox (automatically syncs 'em)
- Use WiFi conetion to manage iPad files: read, write, drag and drop from your Mac
- Annotate a .pdf with underlines, highlight, ovals, boxes, lines, arrows, etc.
- Get attachments into GoodReader from E-Mail
- Play Movies
- Show Pictures
- Manage files on iPad (move, copy, rename, make diretory, delete, etc.)
