

# DROPBOX IN THE WILD

 OCT 10, 2012  COVE APPLE CLUB  RAP 

# THE CHALLENGE

---

- Copy a couple dozen .mp3 files from a CD to a friend's iPad
  - w / o knowing her iTunes password
  - w / o knowing her E-Mail address
  - w / o connecting her iPad to an iMac

# POSSIBLE SOLUTIONS

---

## 1. Use **iExplorer**:

connect iPad to iMac and drag and drop files

...but where to install the files?

## 2. Use **iTunes** Sync:

...but I Didn't want to sync her iPad to my Mac!

## 3. Use **Dropbox** and **GoodReader**:

# GET DROPBOX!

---

- Always have your stuff when you need it with @Dropbox.
- Sign up for free! <http://db.tt/H6upvKH>

# STEP 1

COPY .MP3 FILES FROM CD TO  
DROPBOX ON IMAC

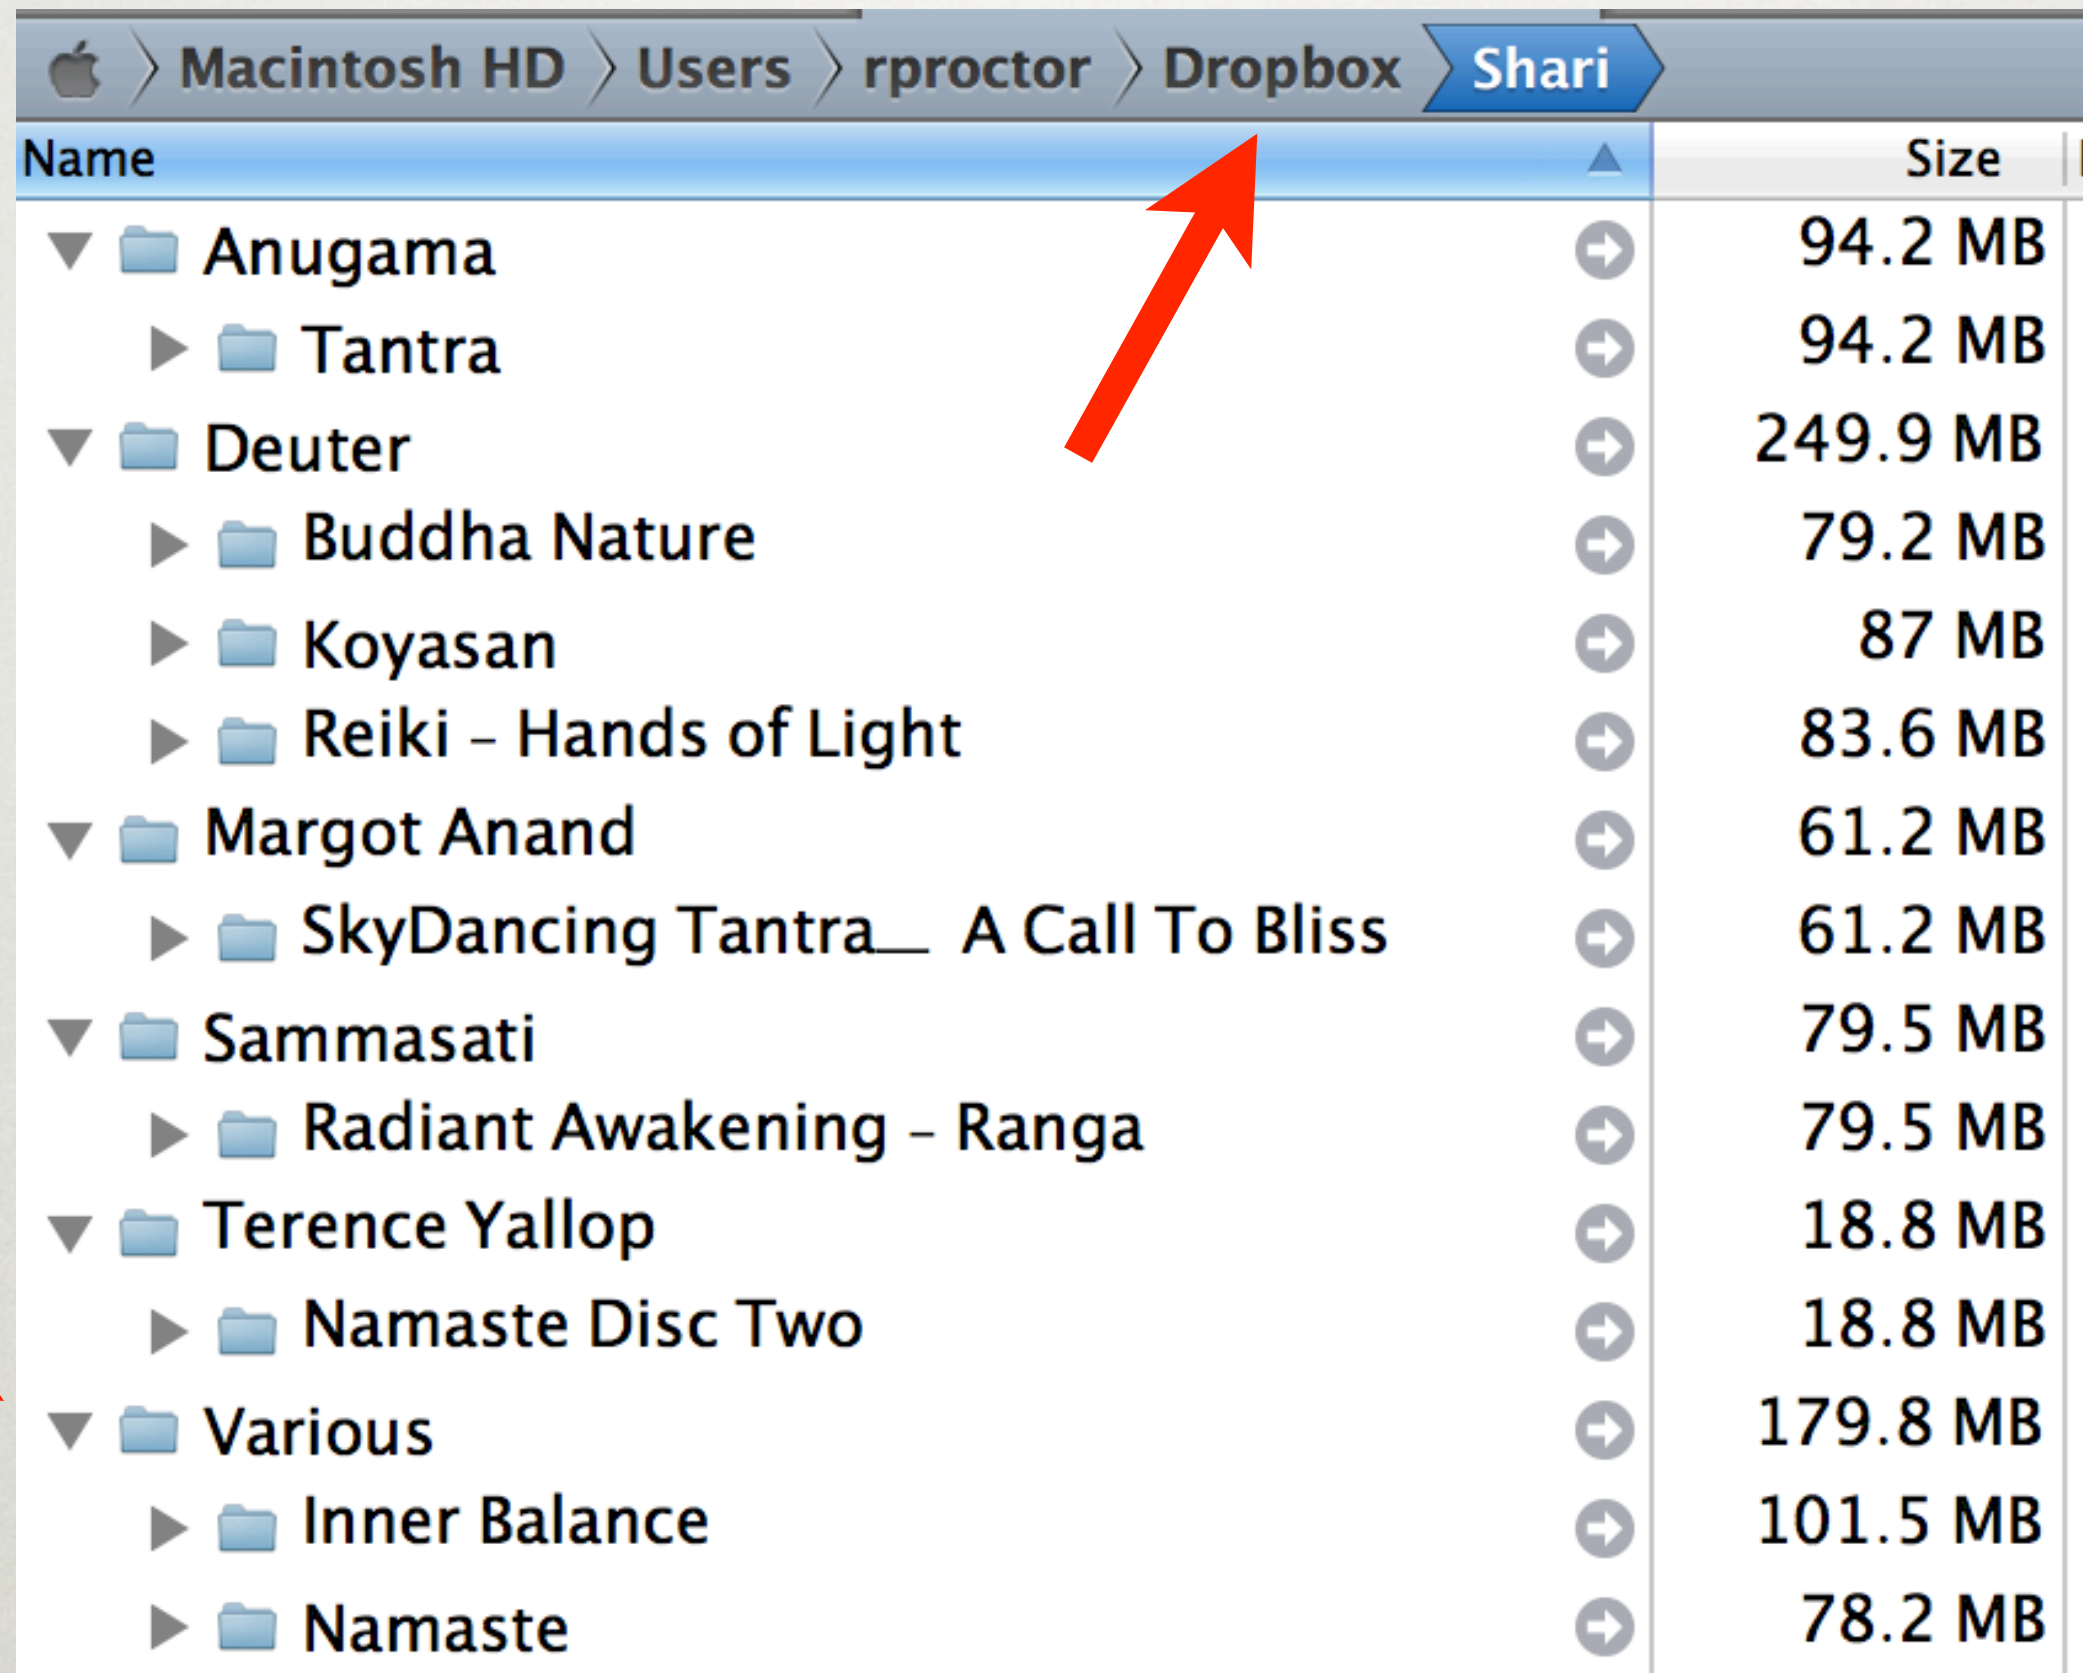

# COPY .MP3 FILES TO DROPBOX

---

- Use finder to make “New Folder” in Dropbox
- Use finder to copy all .mp3 files from CD to new folder
- Give Dropbox a few minutes to copy .mp3 files to its cloud server.

## STEP 2

INSTALL FILES ON IPAD

# STEP BY STEP

---

- Connect iPad to Internet
- Install GoodReader on iPad (if not already installed)
  - Login to iTunes as me (I didn't know her password!)
- in GoodReader, Connect to the Dropbox Server
  - Download "Shari" folder to new folder in GoodReader
- in GoodReader, navigate, then listen to .mp3 tunes
  - Each folder is like a playlist

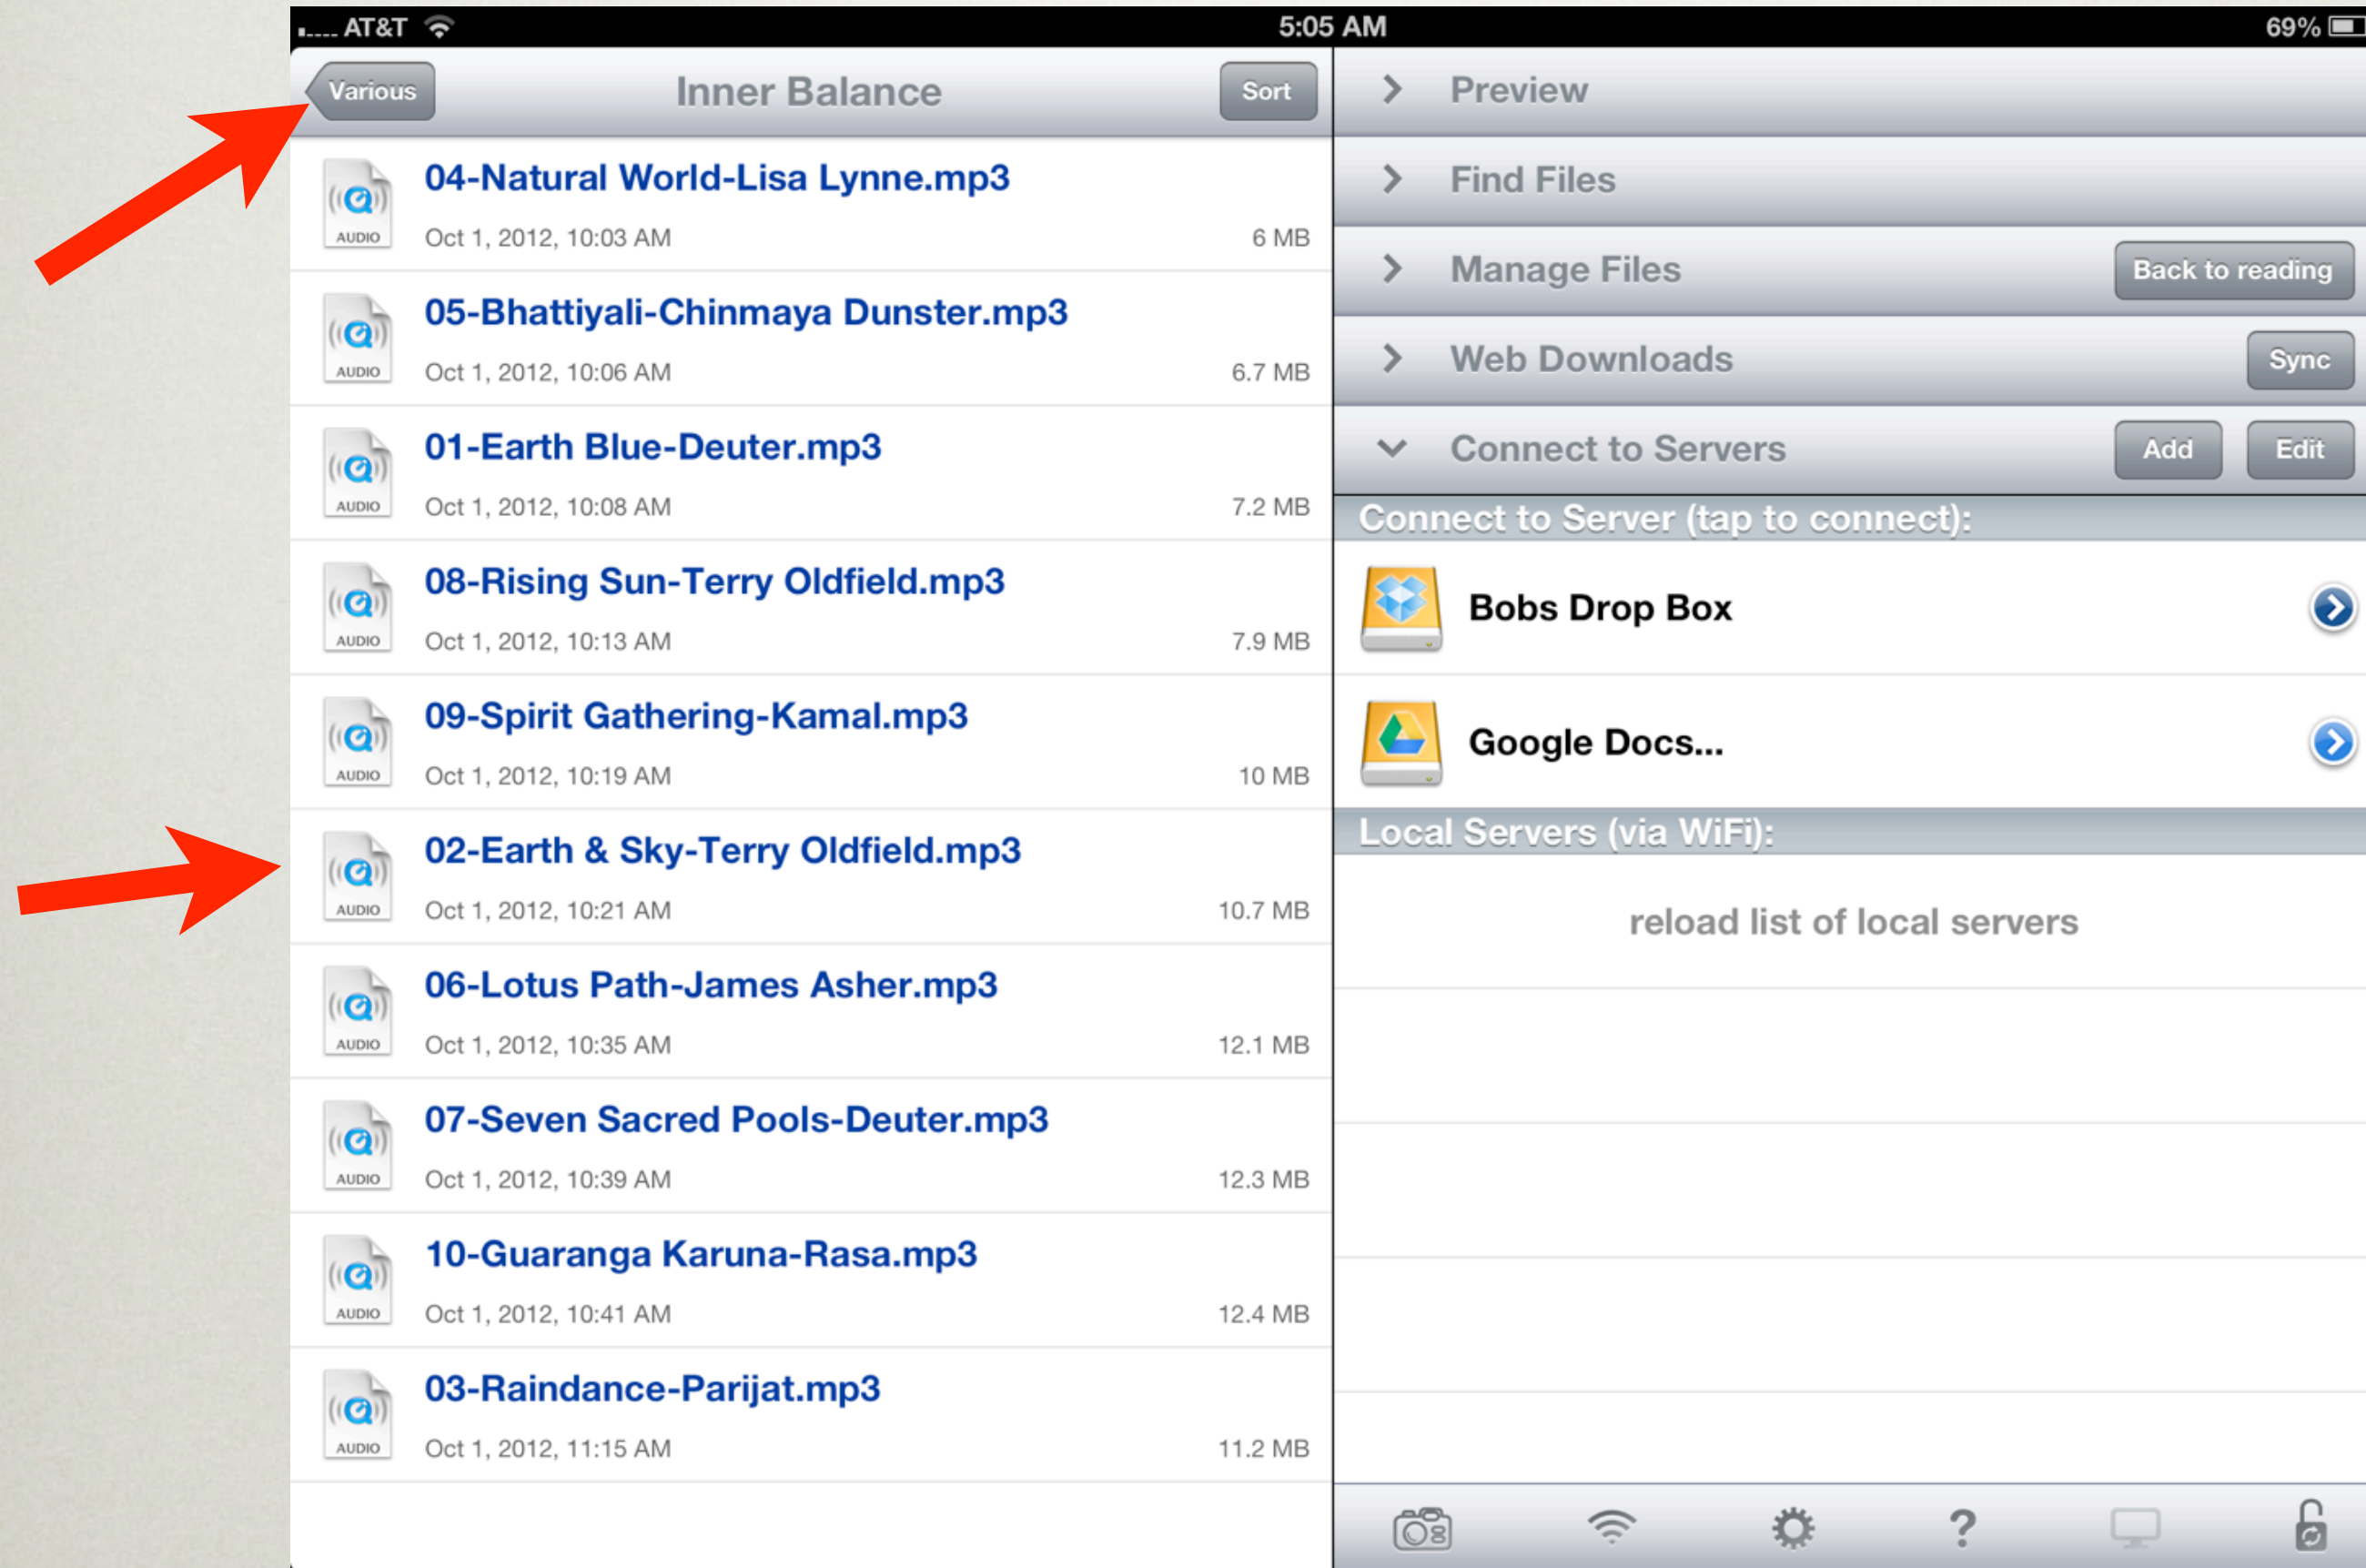

## STEP 3

USE GOODREADER TO LISTEN  
TO .MP3 MUSIC

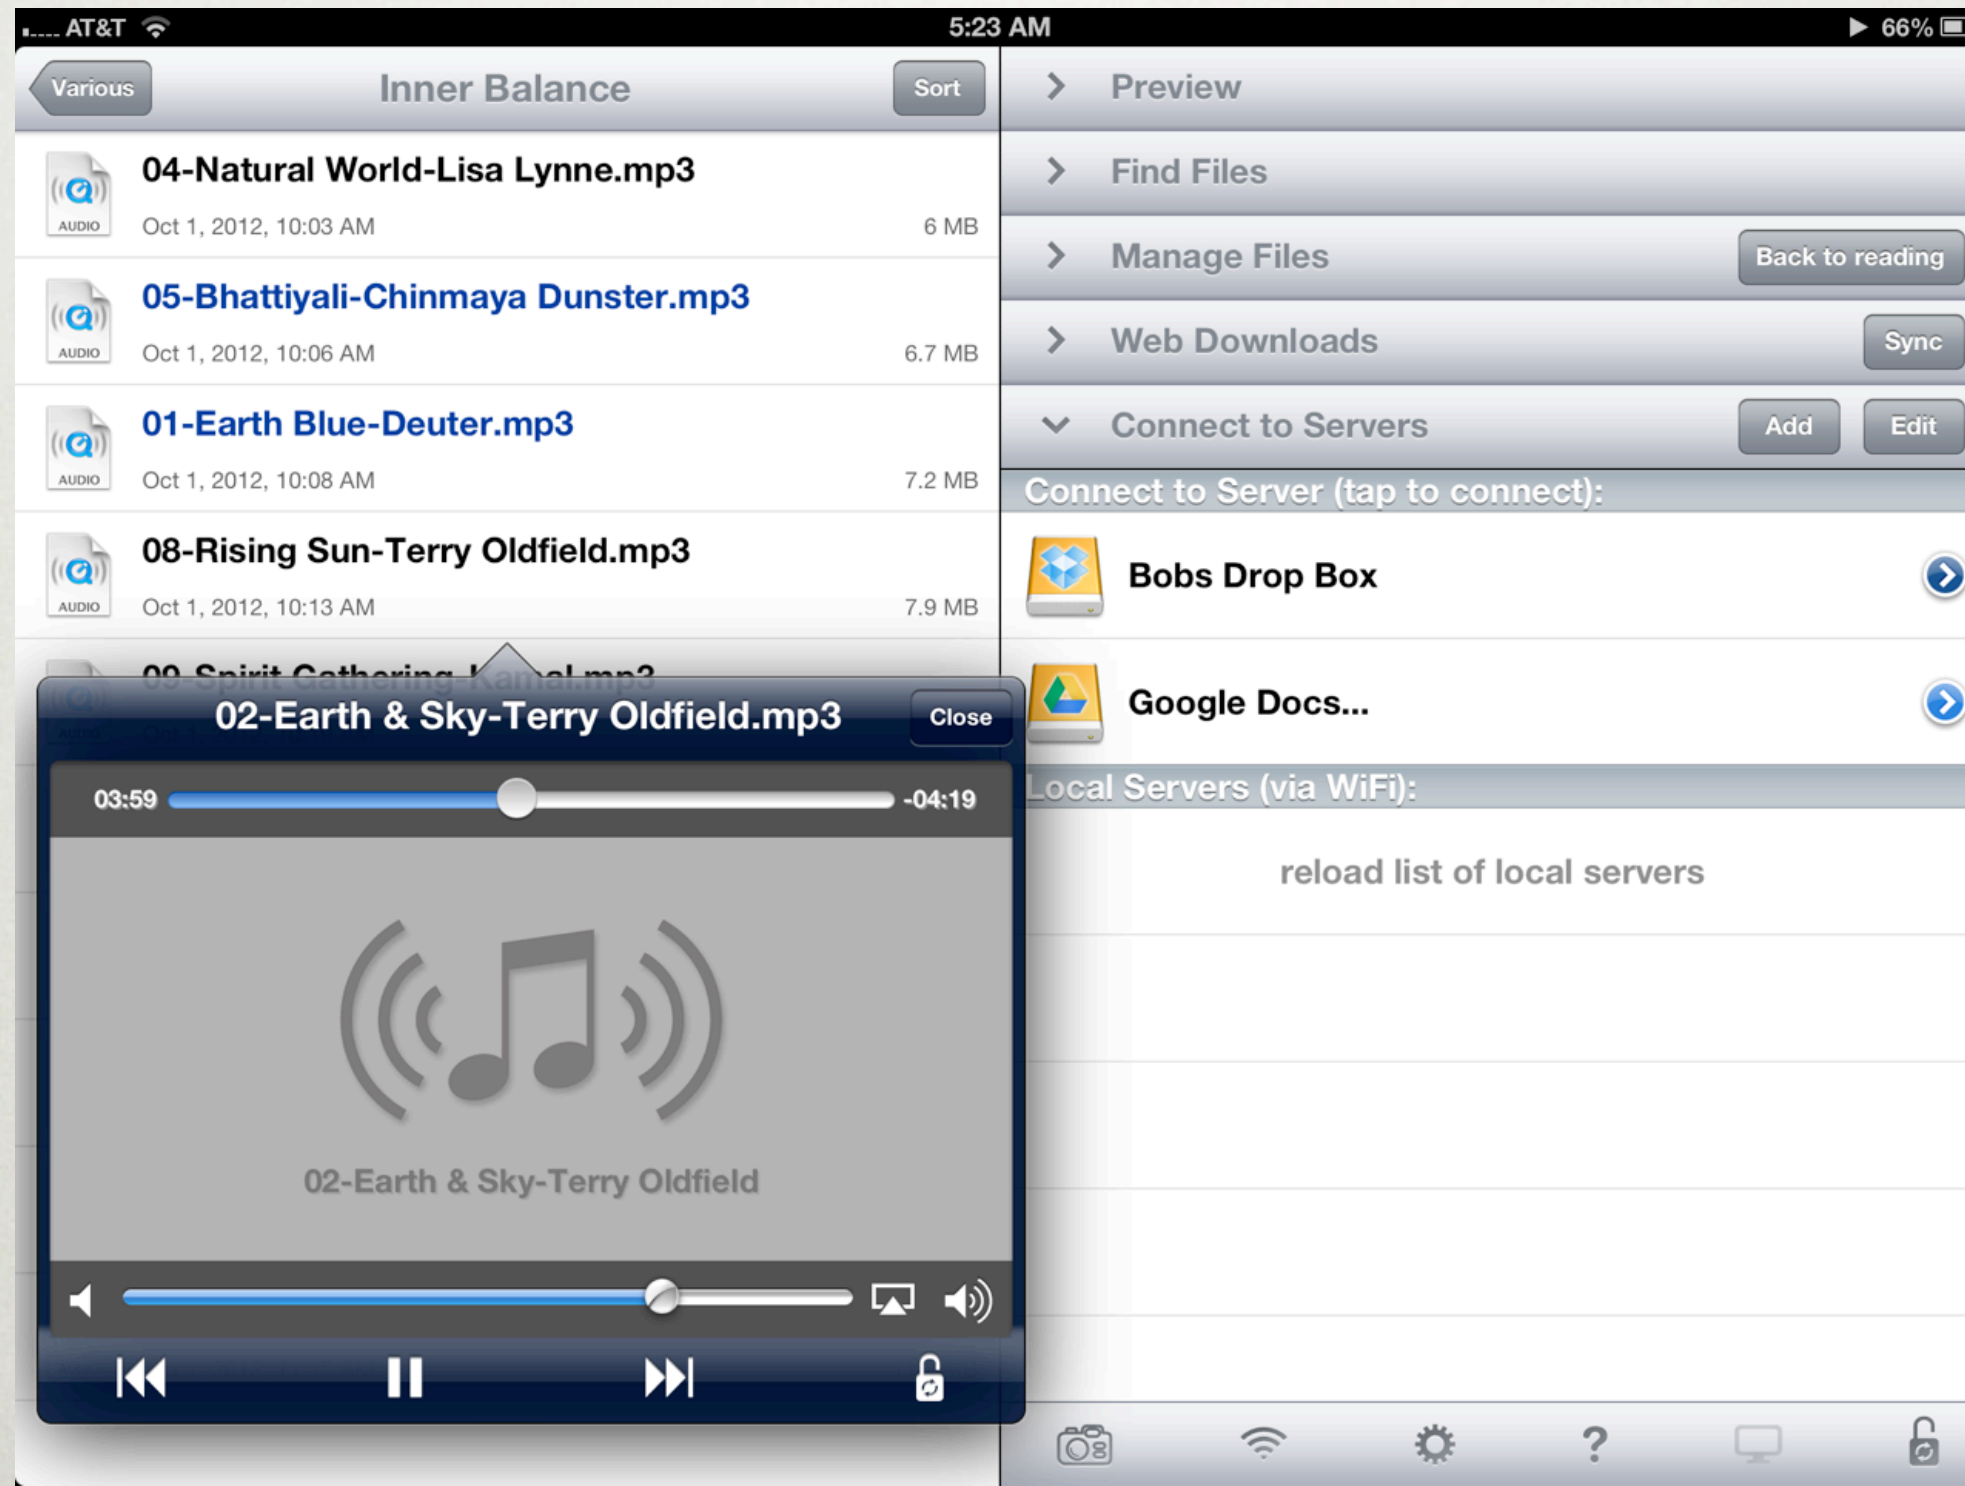

# Same folders are in GoodReader

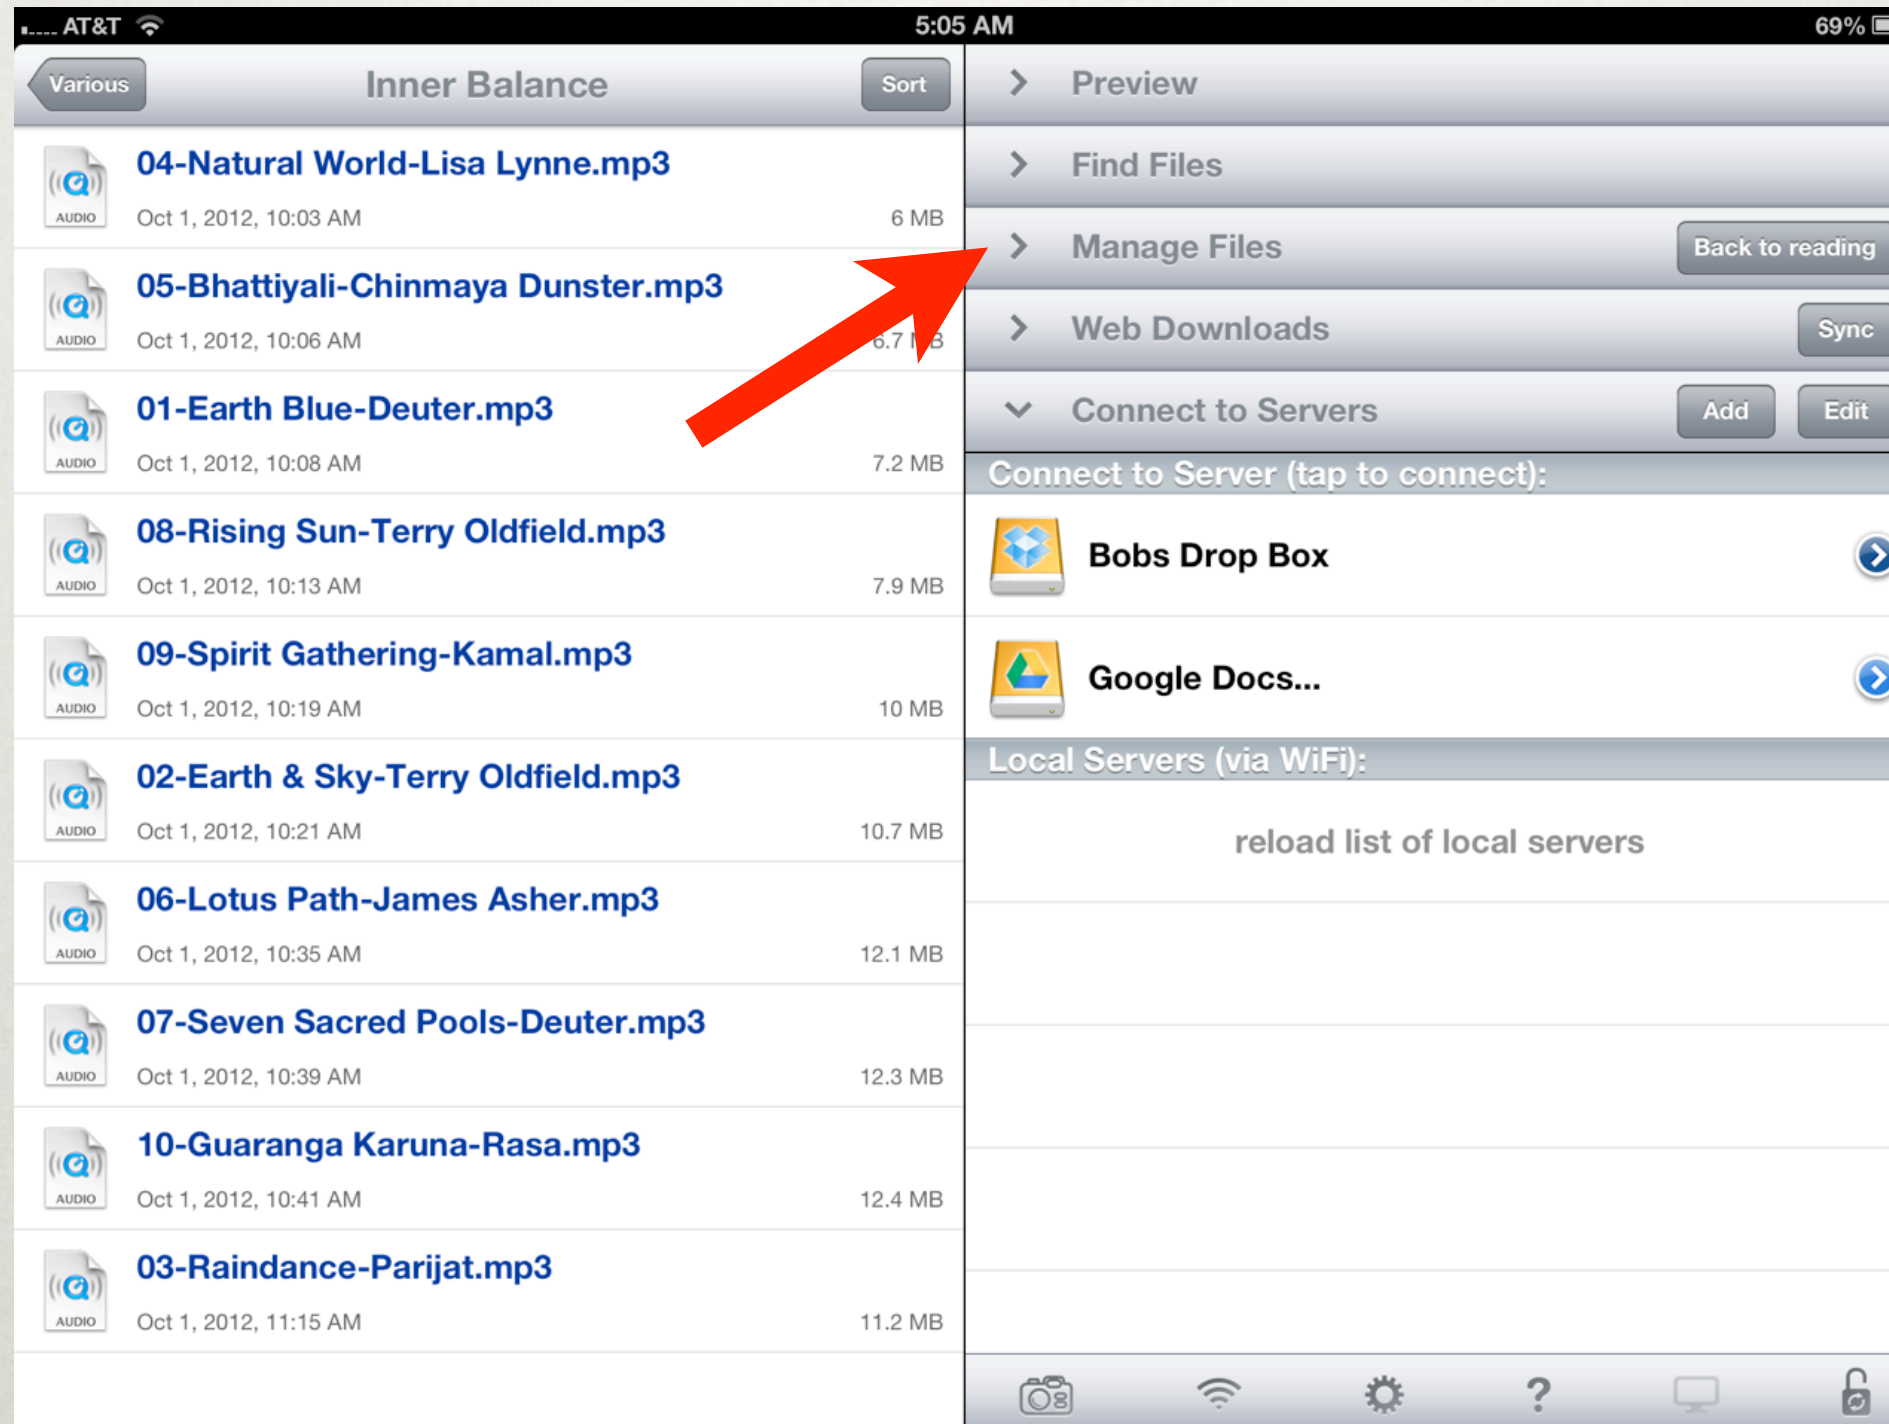

# GoodReader playing all tunes in folder, like a playlist!

# Use 'Manage Files' to adjust playlists, move, copy, delete, etc.

# SUMMARY

# SUMMARY...

---

- Easily move music to iPad with Dropbox and GoodReader
- Easily create Playlists in GoodReader
- Use same technique for other files, pictures, .pdf, etc.
- See me for help or more details.
