COVE APPLE CLUB

Have fun & do more with your Apple gear!

[HOME](#)[MEETINGS](#)[EMAIL LIST](#)[SHOP](#)[ARCHIVES](#)

SHARE. LEARN. LAUGH!

Join **over 100 Cypress Cove residents and members** in the Cove Apple Club, and you'll learn more and get a lot more fun and productivity out of all your Apple gear!

We meet twice a month, year-round. Check our [upcoming meeting schedule](#) and plan to join us at our next meeting!

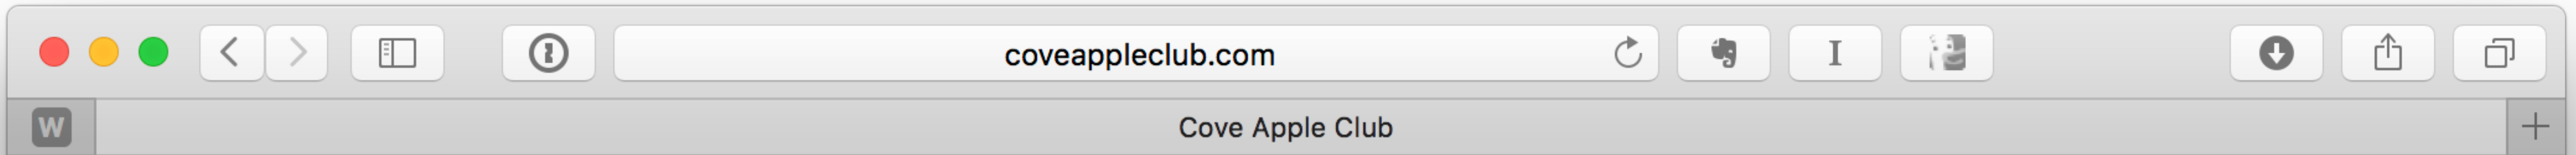

If you're new to the world of Apple, an old Machead from years back, or even a frustrated Windows user, you will find something interesting and entertaining at each of our meetings. Our meetings are fun and informative, with topics presented covering the range from beginner to advanced.

Our focus is on Apple products, but we often also look at other new technologies not specific to the Apple platform, ranging from computer security to Internet telephony to changes in the industry to neat new tech gadgets of interest to everyone.

All Apple products are fair game at our meetings: iPad, iPhone, iPod and Macs of all sizes, as well as the huge world of Apple software, hardware and accessories.

Find out more about the club, our meeting schedule and how you can get in on the fun. Click the links below for details, and be sure to join our [email list](#) for all the latest updates.

SUPPORT THE COVE APPLE CLUB WHEN YOU SHOP AT AMAZON.COM

The next time you need some new Apple or other tech gear (or anything else from the 20,000,000 items in stock!), start your online shopping session with our link to Amazon.com. Your purchase will earn a little money for the Cove Apple Club, which we save up all year for a big Holiday Party for all members of the club! We update club members on the earnings every month.

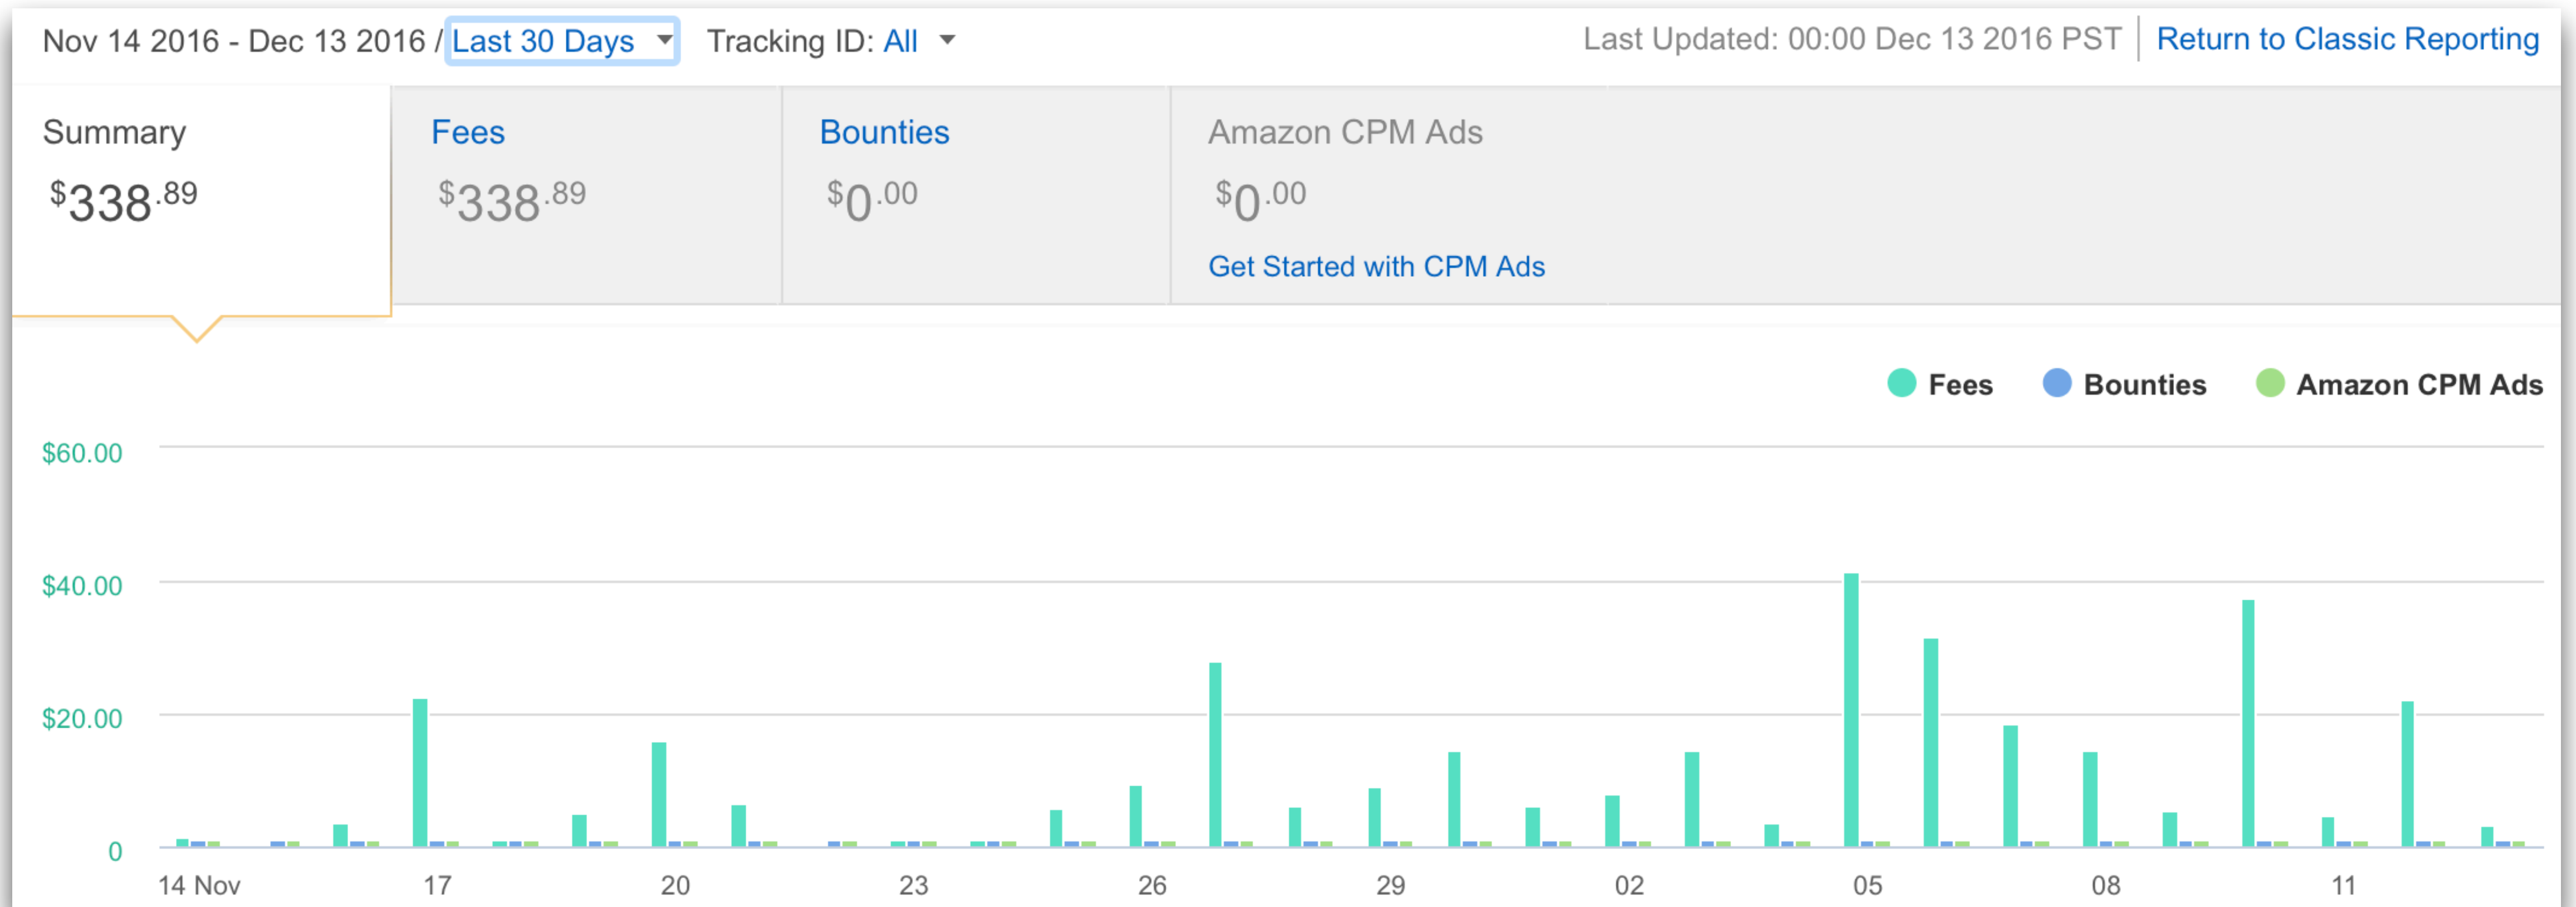

So be sure to click the Amazon logo below when you need to shop for Mac products online...and “give back” to the Cove Apple Club -- without costing you an extra cent! Thanks!

THREE EASY WAYS TO USE THE AMAZON SHOPPING LINK

1. [Just click here](#) — you'll be sent to the Amazon.com homepage.
 1. Once you arrive at the Amazon homepage, BOOKMARK that page:
 1. In Safari on Mac, type Cmd-D
 2. In Safari on iOS, tap the Share widget, then tap Add to Favorites or Add Bookmark.
2. [Drag this link](#) to your Favorites bar in your Web browser. Then it's handy anytime you want to visit Amazon.
3. Just click the Amazon banner ad below.

Someone reported you for impersonation

To: Mike Sullivan

Reply-To: Facebook

Hi Mike,

Hi,

It looks like your account has been removed from Facebook for pretending to be someone else, which goes against our Community Standards. To learn more about our Community Standards, please follow the link below:

<https://www.facebook.com/communitystandards>

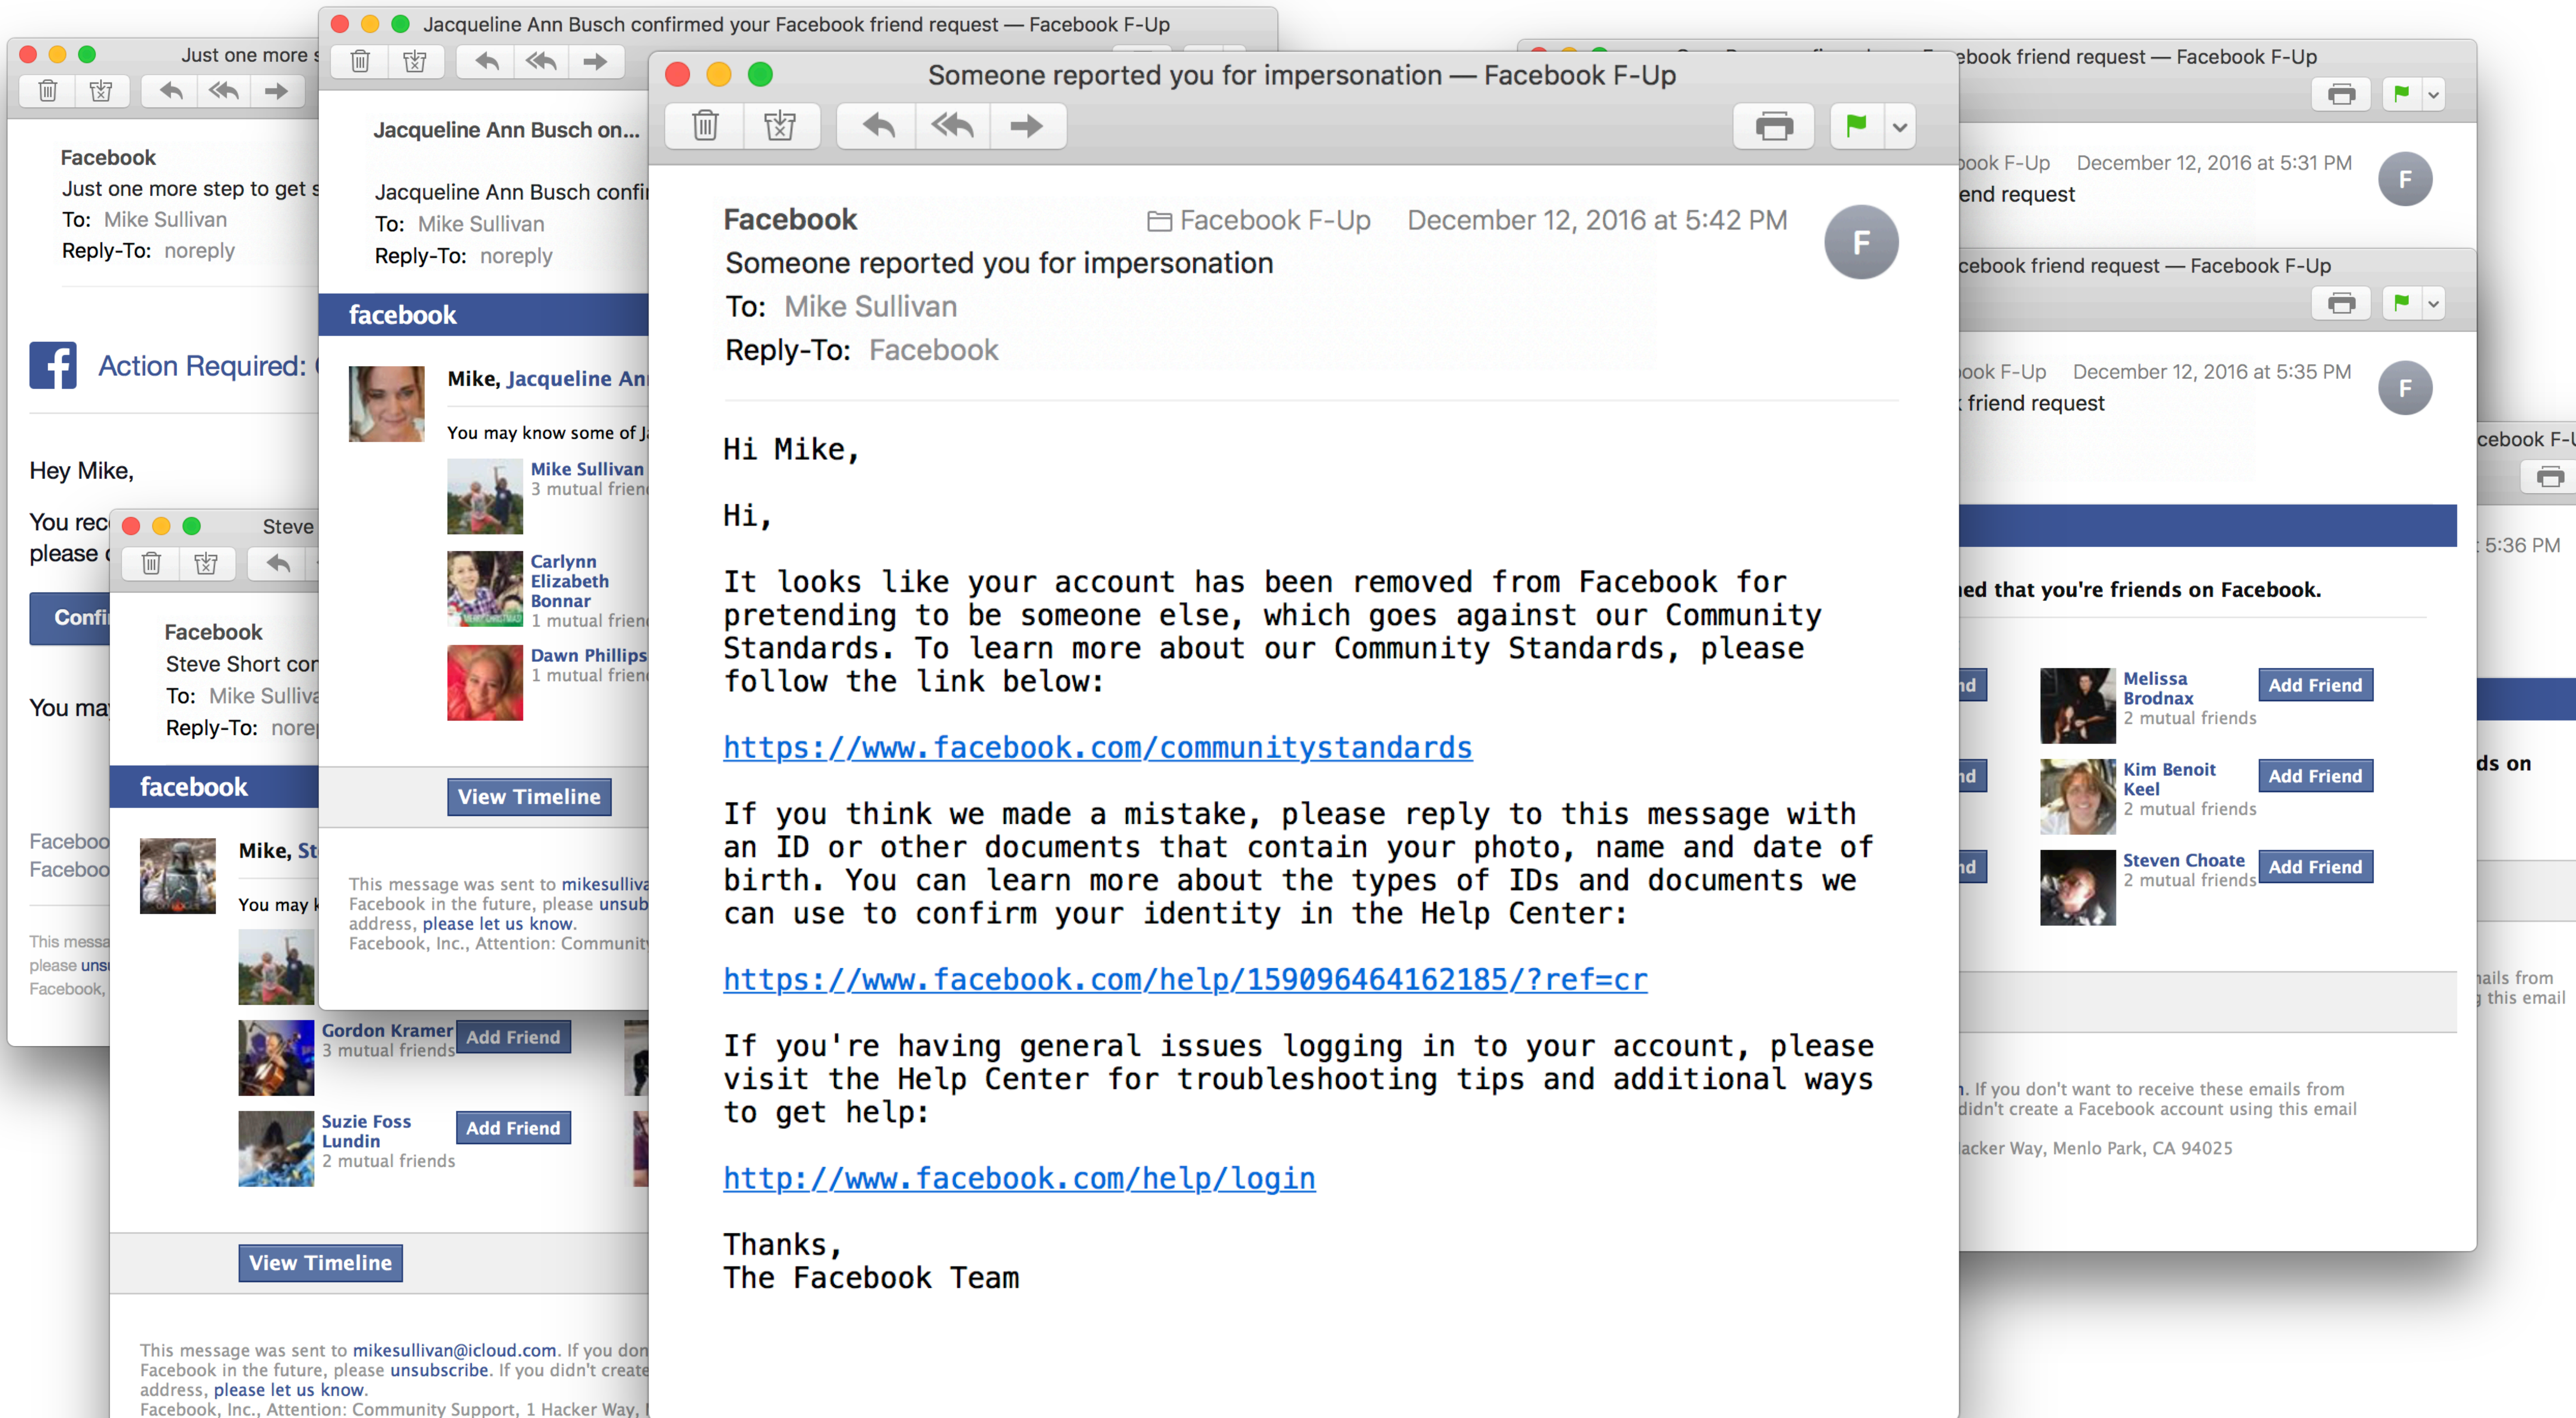

If you think we made a mistake, please reply to this message with an ID or other documents that contain your photo, name and date of birth. You can learn more about the types of IDs and documents we can use to confirm your identity in the Help Center:

<https://www.facebook.com/help/159096464162185/?ref=cr>

If you're having general issues with your account, please visit the Help Center for troubleshooting tips and additional ways to get help:

<http://www.facebook.com/help/login>

Thanks,
The Facebook Team

What I Think Happened - Part II

What I Think Happened - Part II

- Doofus Mike Sullivan then used Facebook's helpful mass-spamming feature (Step 2 of their sign-up flow, PRIOR to click-back confirmation!) to alert many of his friends to friend me on Facebook

What I Think Happened - Part II

- Doofus Mike Sullivan then used Facebook's helpful mass-spamming feature (Step 2 of their sign-up flow, PRIOR to click-back confirmation!) to alert many of his friends to friend me on Facebook
- And eventually one of them realized that MY (righteous) Facebook profile photo is NOT the photo of their friend, Doofus Mike Sullivan, and dropped a dime on me/him, reporting me/him as an impersonator

What I Think Happened - Part II

- Doofus Mike Sullivan then used Facebook's helpful mass-spamming feature (Step 2 of their sign-up flow, PRIOR to click-back confirmation!) to alert many of his friends to friend me on Facebook
- And eventually one of them realized that MY (righteous) Facebook profile photo is NOT the photo of their friend, Doofus Mike Sullivan, and dropped a dime on me/him, reporting me/him as an impersonator
- Facebook then suspended the account belonging to mikesullivan@icloud.com, which affects me not in the least

A Weird Thing #2

Epson
12 hrs · 🌐

Epson has been made aware of a situation with some of our existing printers where the units turn off or stop working. We believe this is related to Google Cloud Print and the support team is working on it. For steps to address a specific printer model, please visit <https://epson.com/Support/Printers/sh/s1>.

Printer shutting down

Lock icon

ADD A REPLY

by Jasesun

Dec 6

This isn't a issue with my chromebook but I post in this forum and use a chromebook so I thought I'd try.

I have an epson xp-410 printer which I bought 2 years ago from a discussion thread in this forum. As of yesterday it started turning itself off. I turn it on and 30 seconds later it turns itself off. First thought is printer is broken. My sister has the same model that she is storing in my basement. I try hers, different firmware, same problem, shuts off after 30 seconds. I think it might be my network, router or modem. Reboot all that nothing. I create a hotspot on my smartphone to use a different network. Connect the printer wirelessly and it stays on. All seems good. I go to register the printer with google cloud to print from my chromebook and bam printer shuts off.

Is anyone have issues with their printers and google cloud printing? I know some people on this forum have the xp-410 printer, anyone having issues with that?

I believe I've narrowed it down to a Google Cloud software issues. There is no google cloud print forum that I see.

thanks for any help in advance

Jay

Owners of Epson WorkForce, WorkForce Pro, and XP Series printers recently got a rude surprise, as the printers got stuck in a perpetual restart loop. And it quickly became apparent that the cause had something to do with the printers' connection to the Internet.

Epson

12 hrs ·

Epson has been made aware of a situation with some of our existing printers where the units turn off or stop working. We believe this is related to Google Cloud Print and the support team is working on it. For steps to address a specific printer model, please visit <https://epson.com/Support/Printers/sh/s1>.

btw, this plane also has a bug that means you're also advised not to turn it off too much

There have been issues with the 787 giving "nuisance" messages after starting up. One solution would be to start the process earlier, to leave time to deal with them. Another is to just never shut it down. However, the plane does need to be shut down sometimes for regular maintenance. A Boeing spokesperson said:

An Awesome Thing

Cove Apple Club On
The Road: Club Orient

A photograph of a concrete border wall. A dark rectangular sign is mounted on the wall, featuring white text in Spanish and English. The sign is tilted slightly to the right. The wall is made of rough, grey concrete. In the background, there are palm trees and a white vehicle parked on a paved area.

Cove Apple Club
7:00 PM - 8:15 PM

Meeting & Events Schedule Always Online at **coveappleclub.com**

The screenshot shows a web browser window with the address bar displaying "coveappleclub.com". The website has a dark grey header with a blue Apple logo on the left and navigation links "HOME", "MEETINGS", "EMAIL LIST", "SHOP", and "ARCHIVES" on the right. Below the header, the "MEETING SCHEDULE" section is highlighted in blue. The text describes the meeting frequency (2nd and 4th Wednesdays), location (Clubhouse at Cypress Cove Resort), start time (7pm sharp), and an optional "Open Lab" session from 6:30 to 7pm. A list of upcoming meeting dates is provided at the bottom.

COVE APPLE CLUB
Have fun & do more with your Apple gear!

MEETING SCHEDULE

The Cove Apple Club meets on the **2nd and 4th Wednesdays of each month**, every month, year-round, except where noted.

We meet in the **Clubhouse** near the East Pool at the Cypress Cove Resort in Kissimmee, Florida.

Our meetings start **promptly at 7pm sharp**, and we adjourn to Cheeks by 8pm on the dot for more discussion, more laughs and some frosty-cold adult refreshments. Get there early for the best seats!

From **6:30 to 7pm**, we have an optional “**Open Lab**” where members can get help, tips and expert advice from other members. If you have a question about a specific issue with your Mac, iPad, iPhone or other Apple product, drop in between 6:30 and 7pm for the Open Lab and ask away!

Here are our meeting dates for the next few months:

- November 9
- NO MEETING NOVEMBER 23 - Night before Thanksgiving holiday
- December 12 - Mission: Mothership! Group outing and luncheon - Mall at Millenia Apple Store. Watch for details coming soon!
- December 14
- December 21: **Cove Apple Club Holiday Party!** Buy tickets [online here](#).
- December 28 - BONUS Cove Apple Club Meeting!
- January 11

Happy Hour
Continues!
