Photo Organization

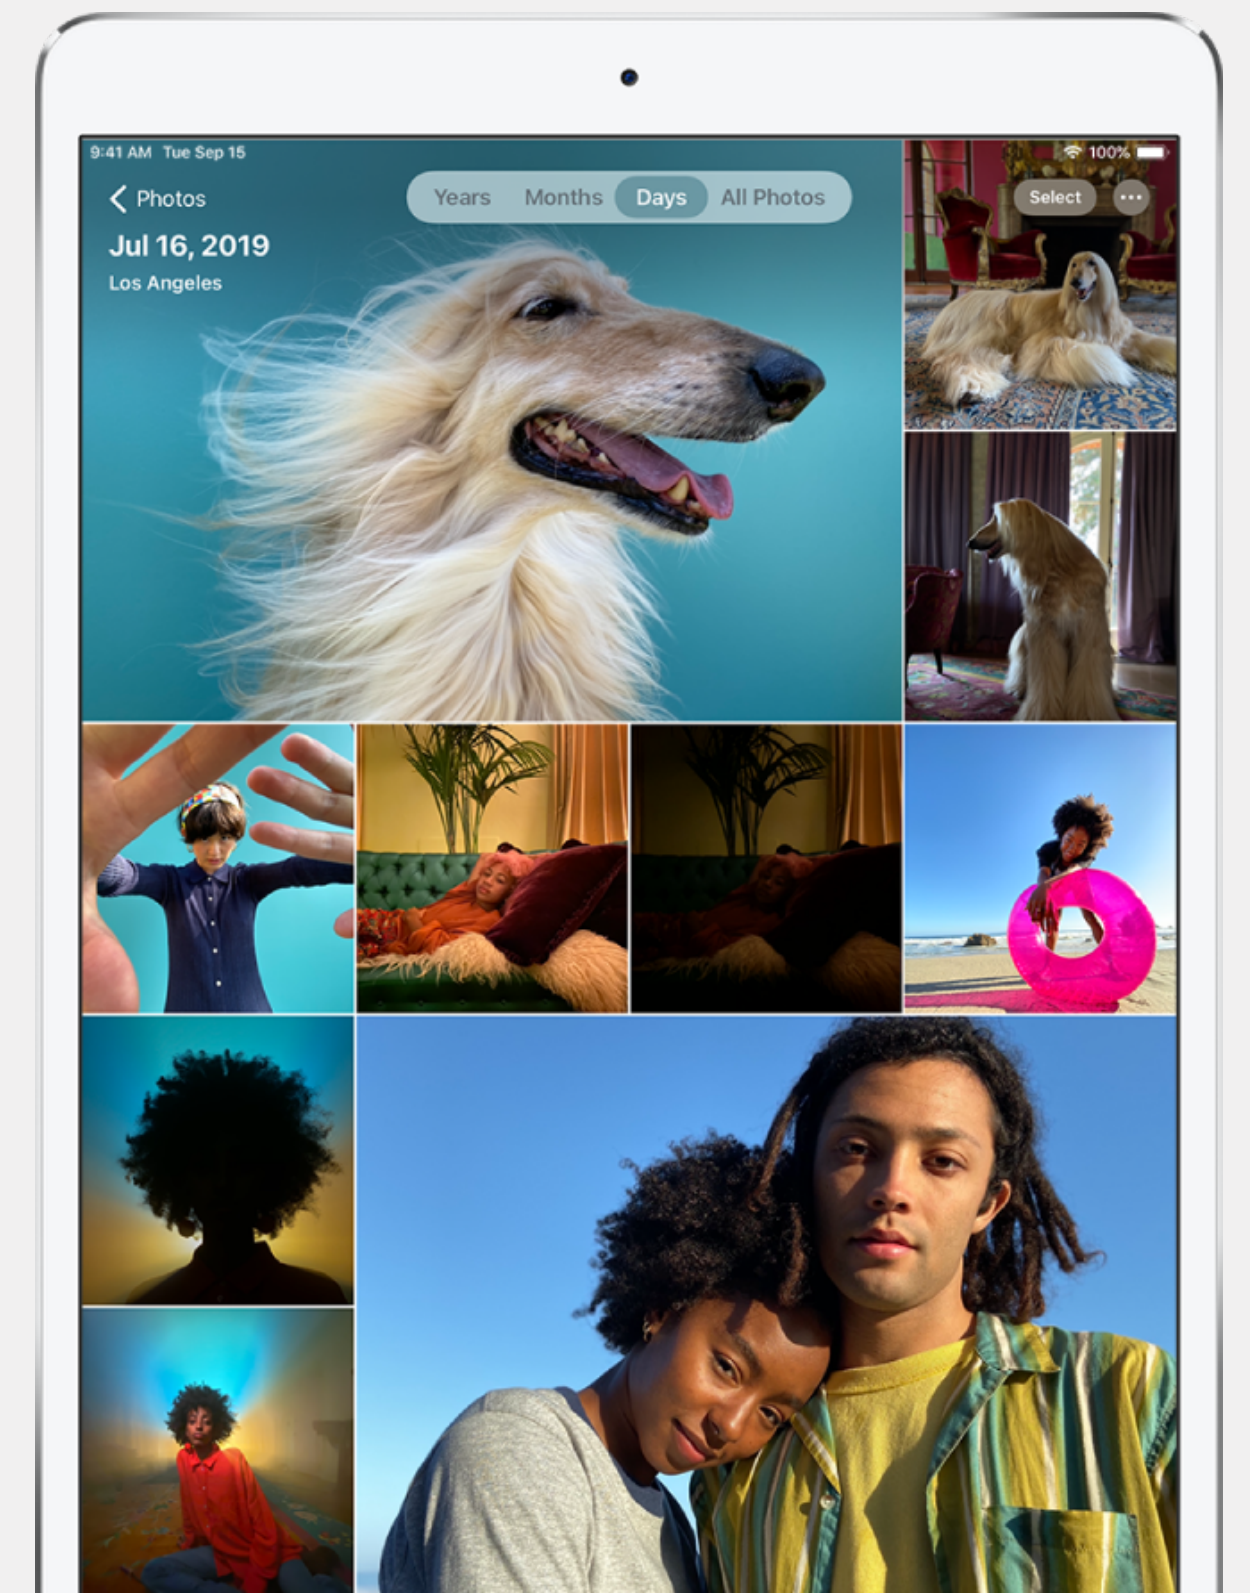

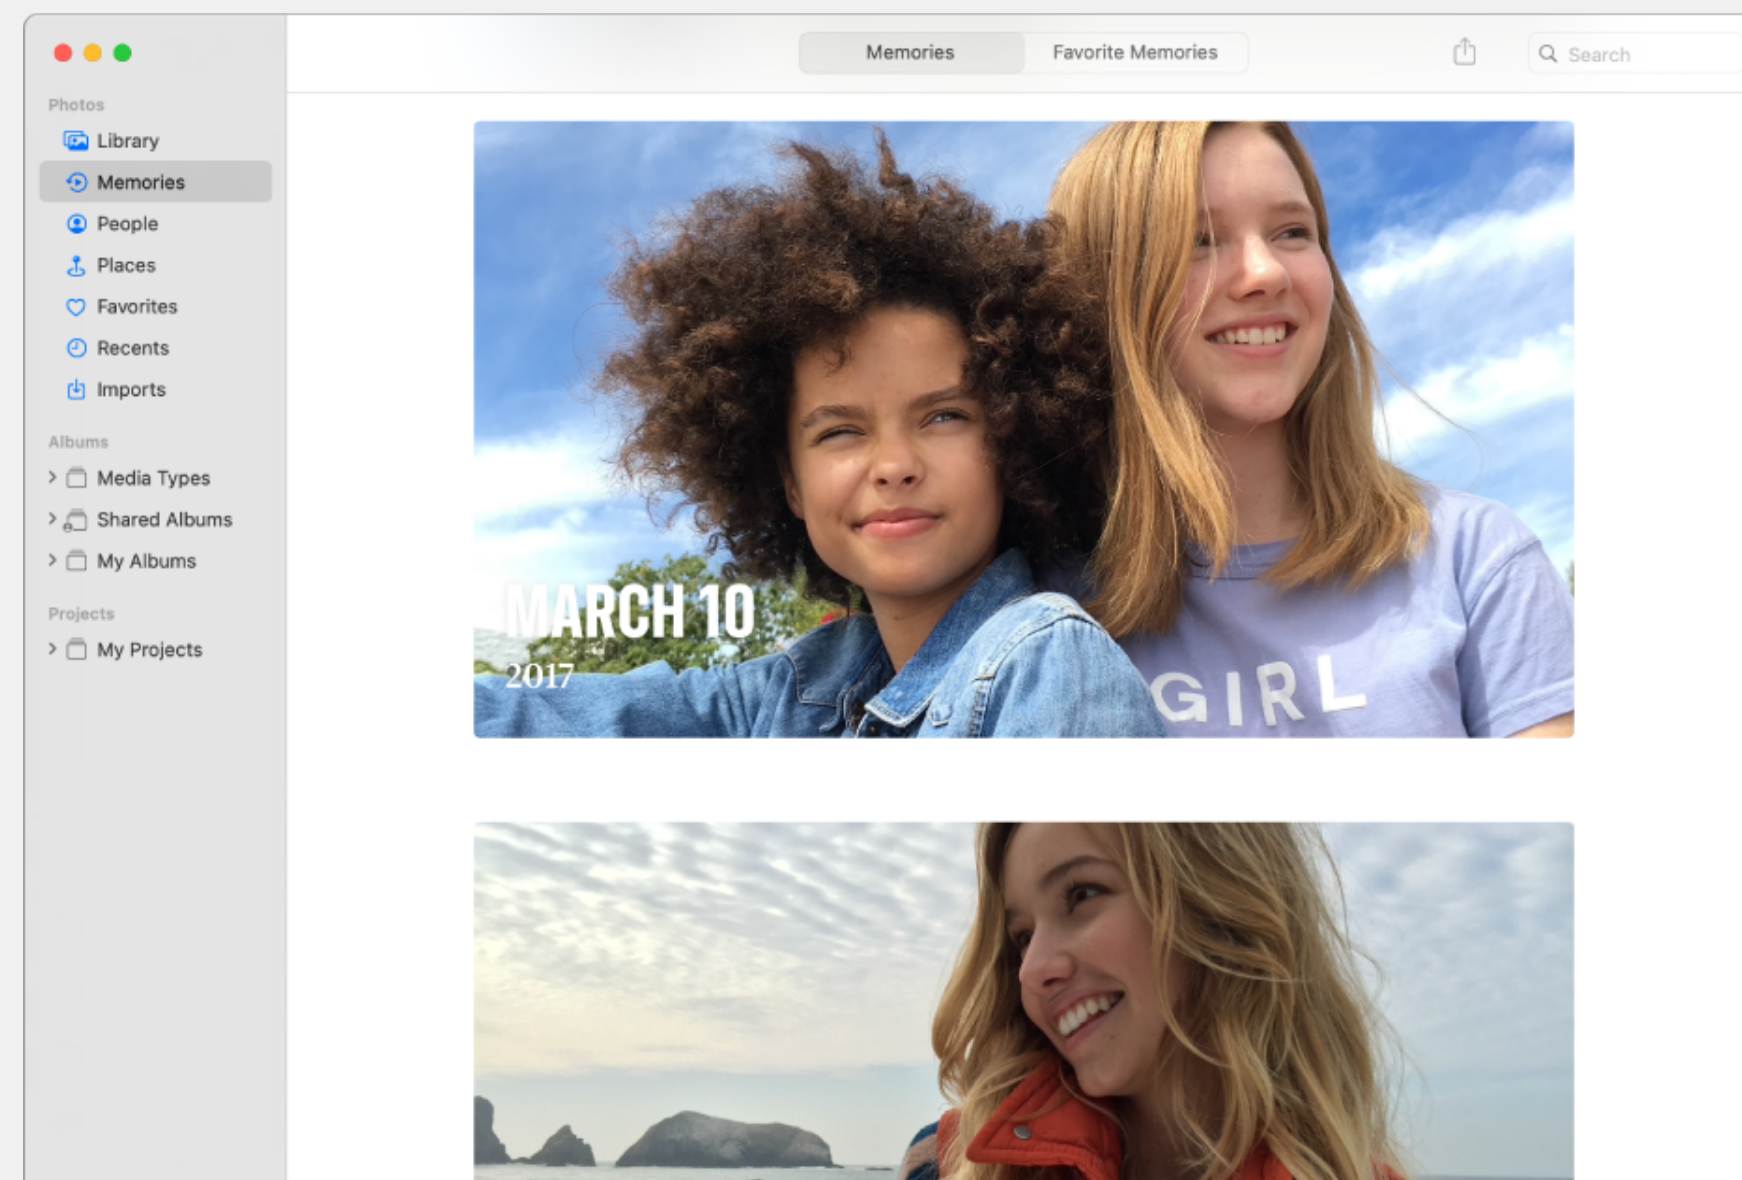

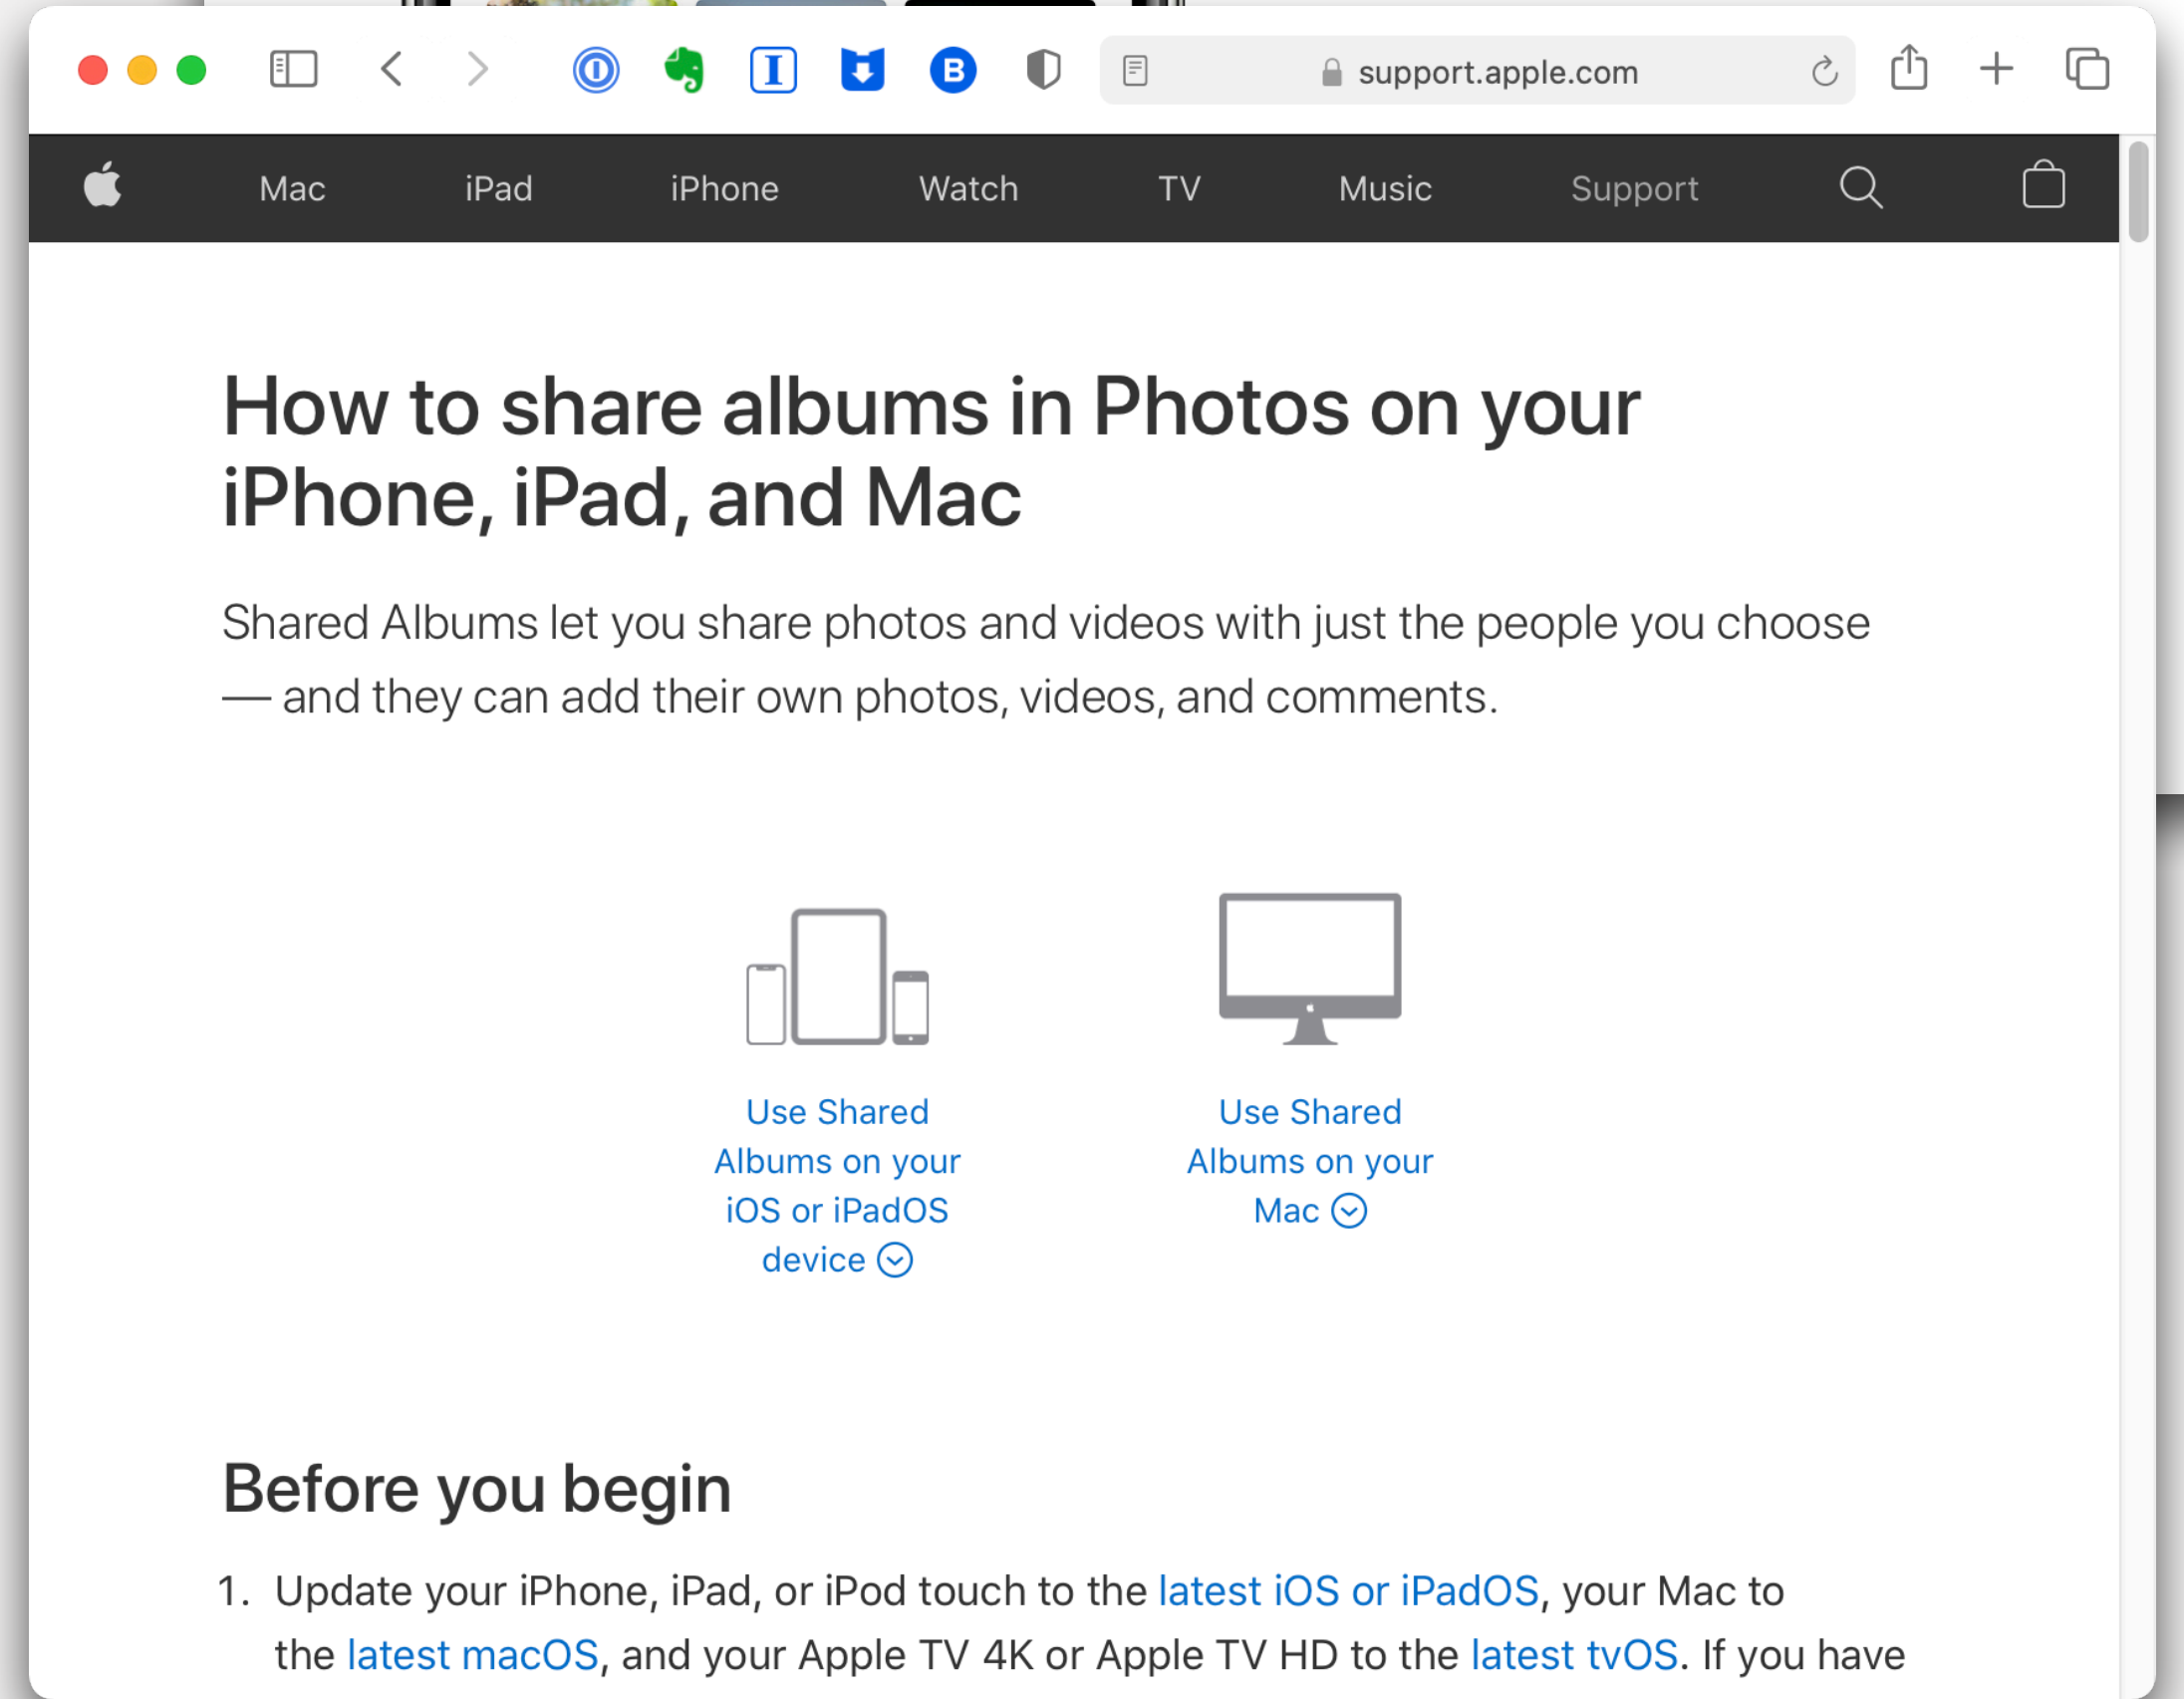

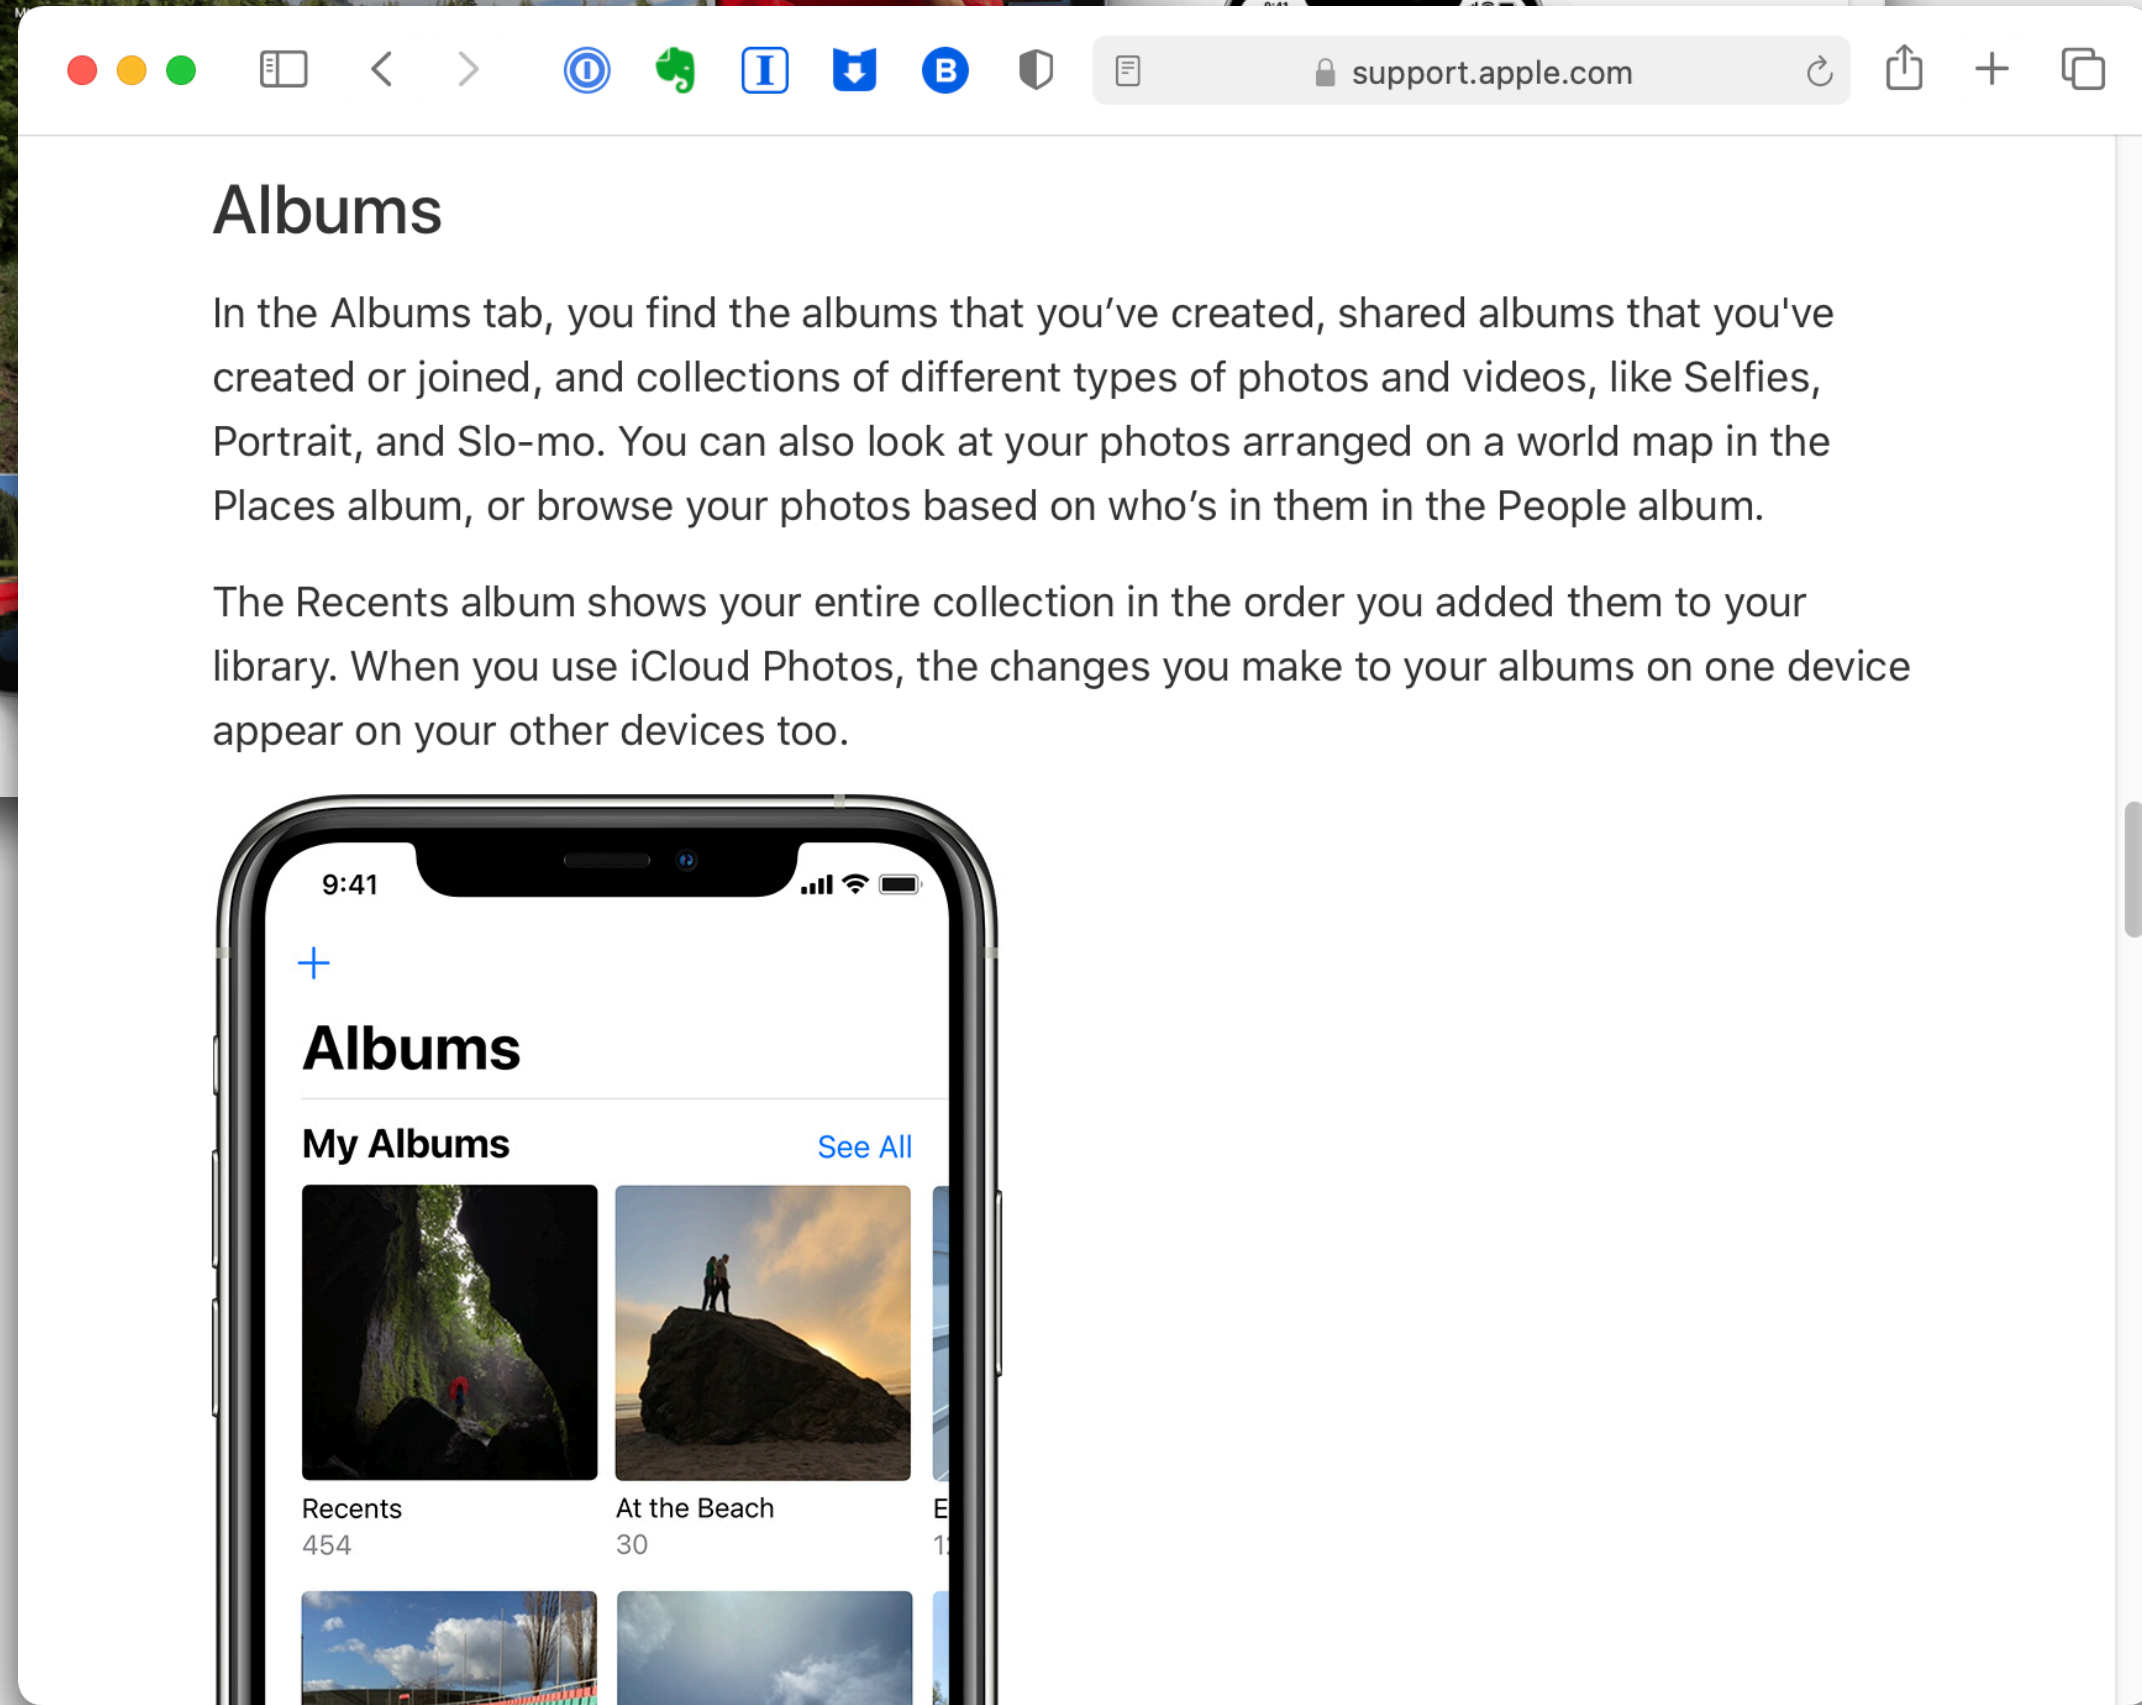

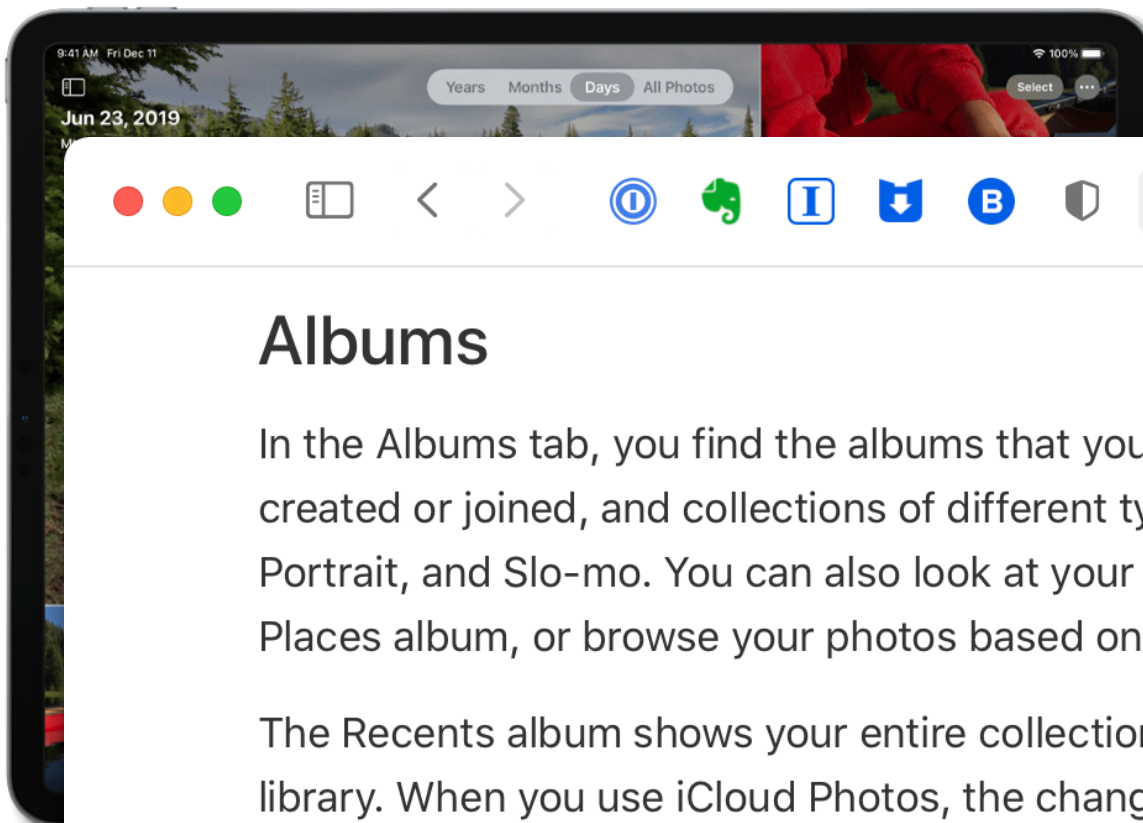

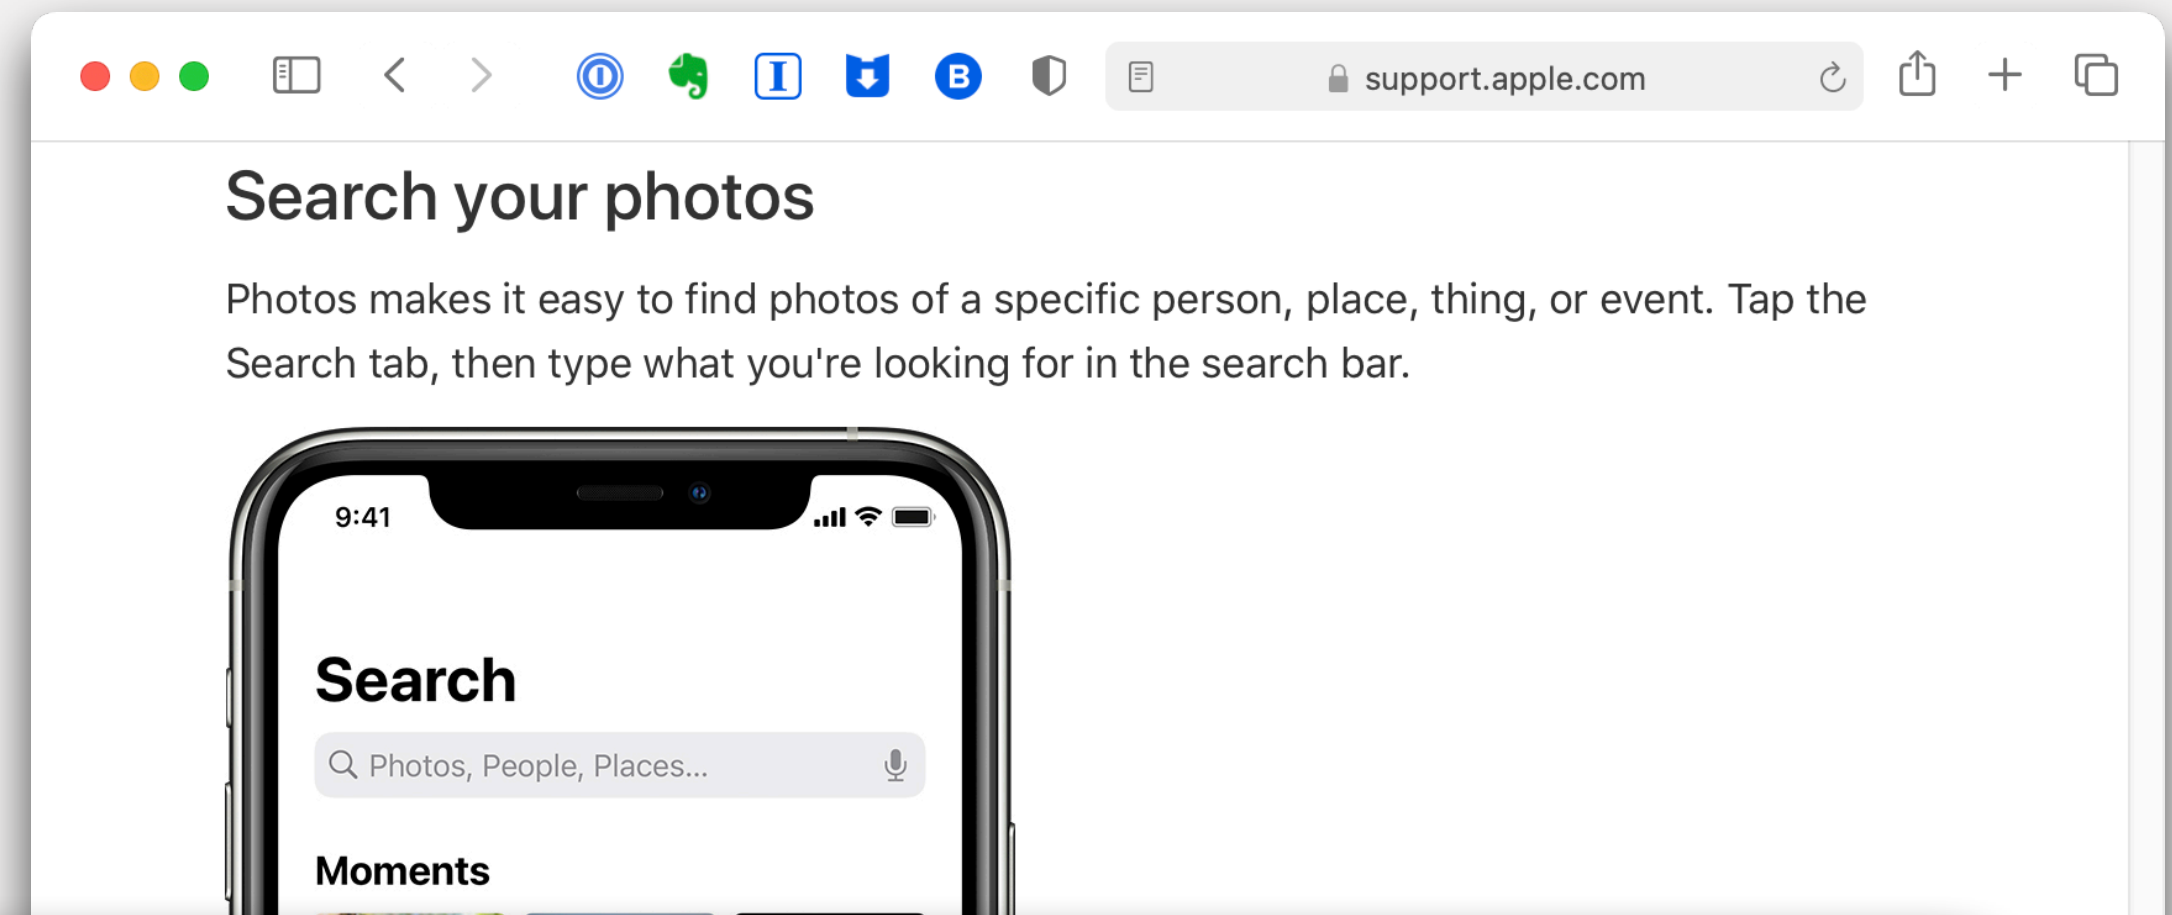

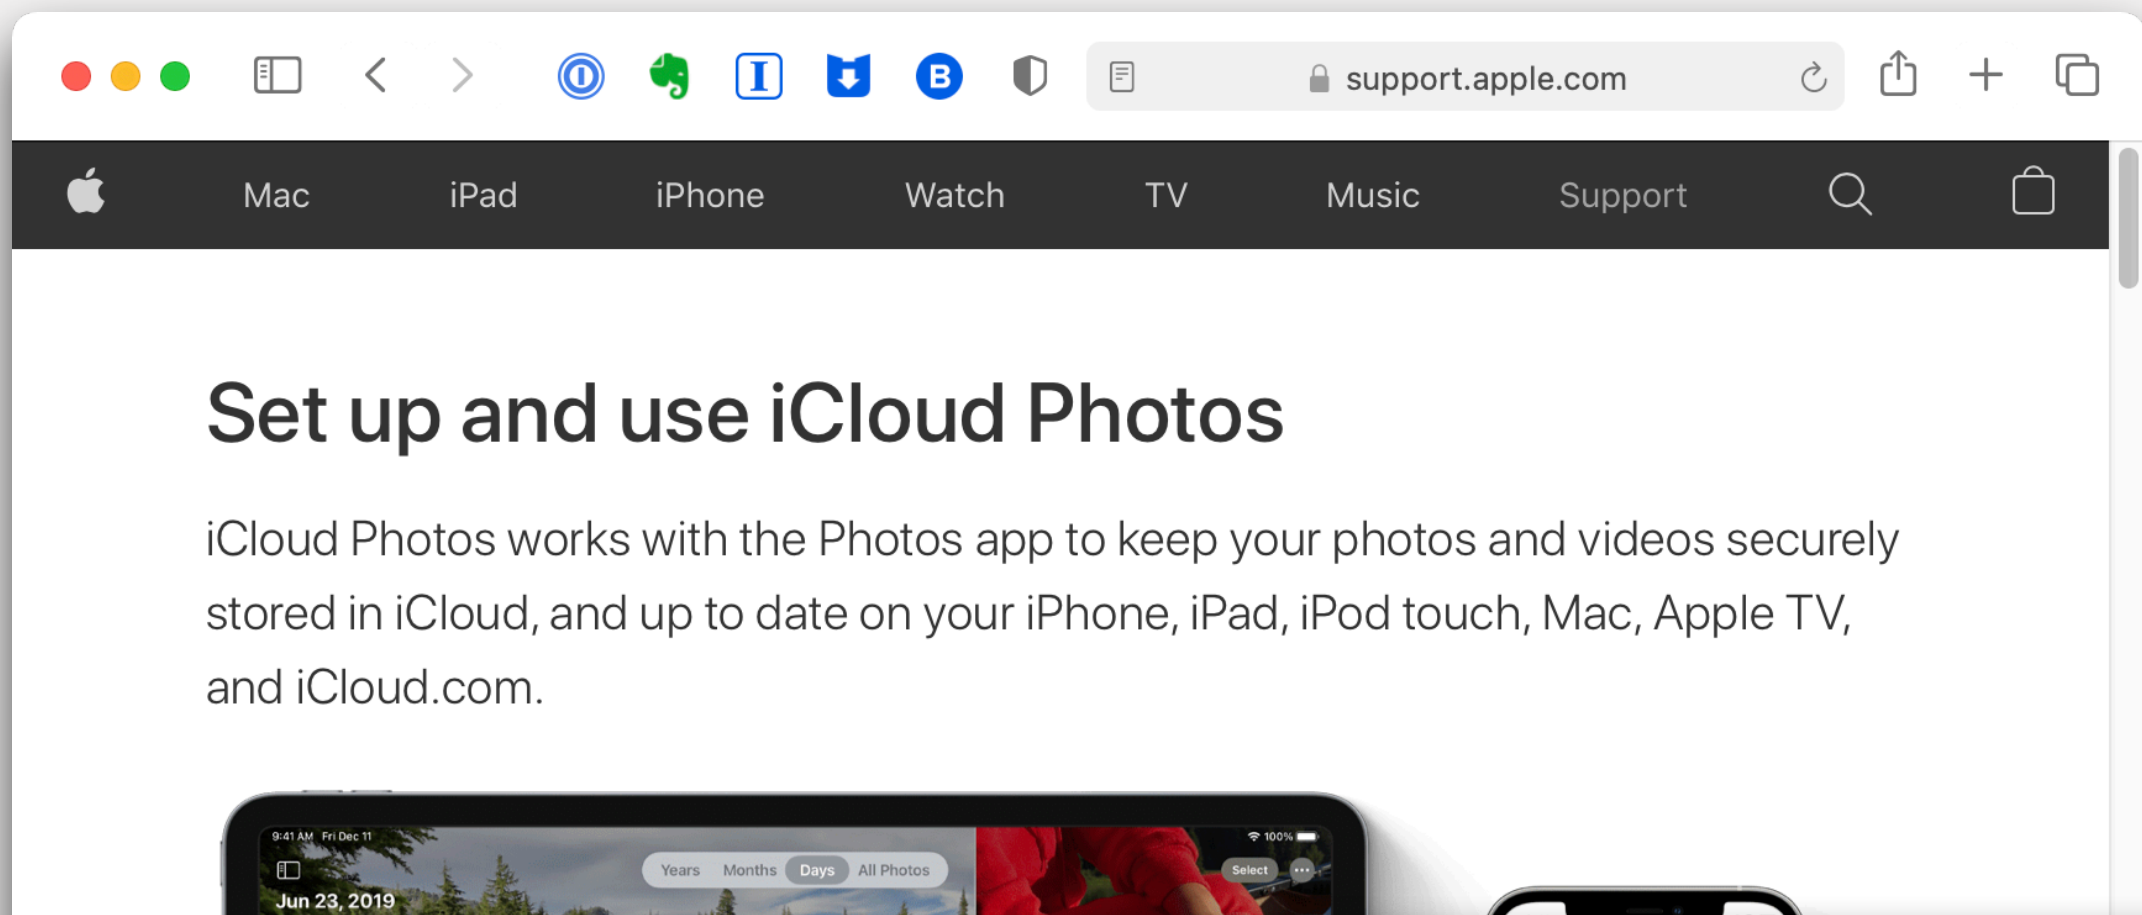

Photo organization

Top 3 requests for help from Cove Apple Club members

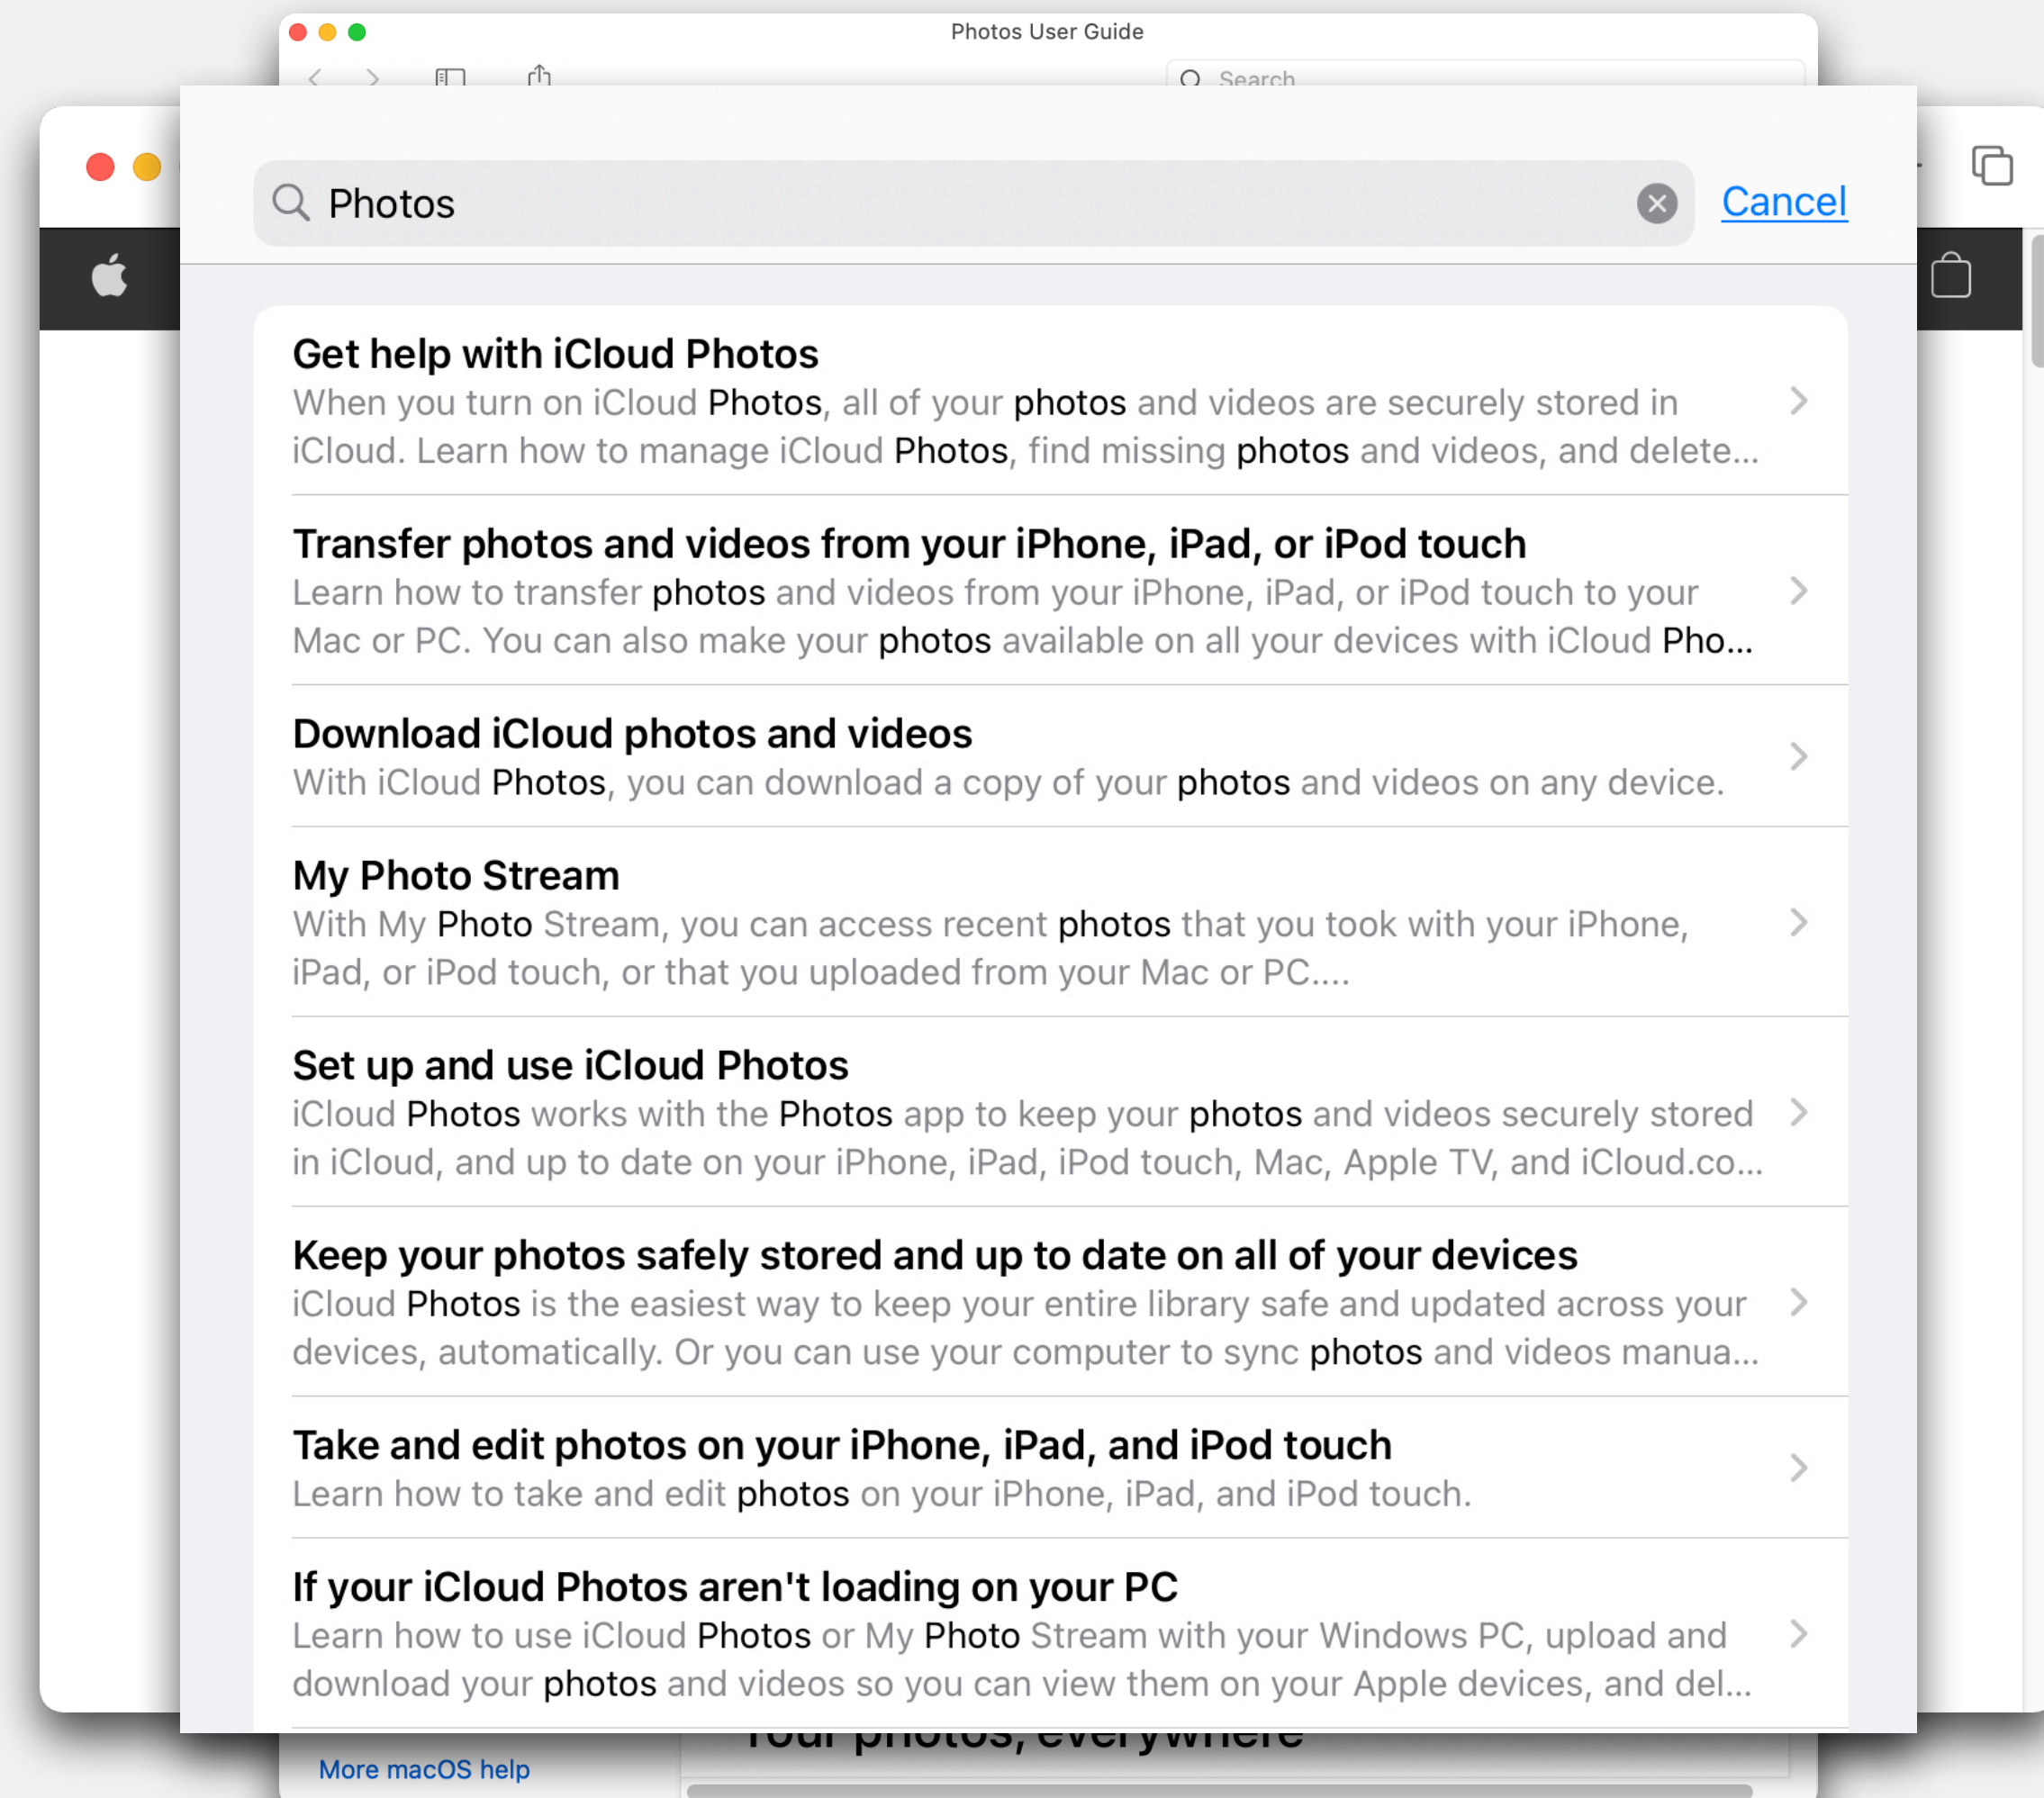

- Our iPhones and iPads are great at **capturing** photos & memories for us, generating hundreds or thousands of photos on our devices
- Very few of us put much time into organizing those photos, which we then think have become *unmanageable*
- But there's a solution!

Apple Support Website / Apple Support App

Help and how-tos at your fingertips

- Dozens of articles, how-tos and help, richly illustrated, for your Mac or iPad/iPhone
- In the Mac Photos app: click Help in the menubar
- In the iOS Support app: search for Photos

And tons and tons of good videos on YouTube!

Just search for Apple Photos

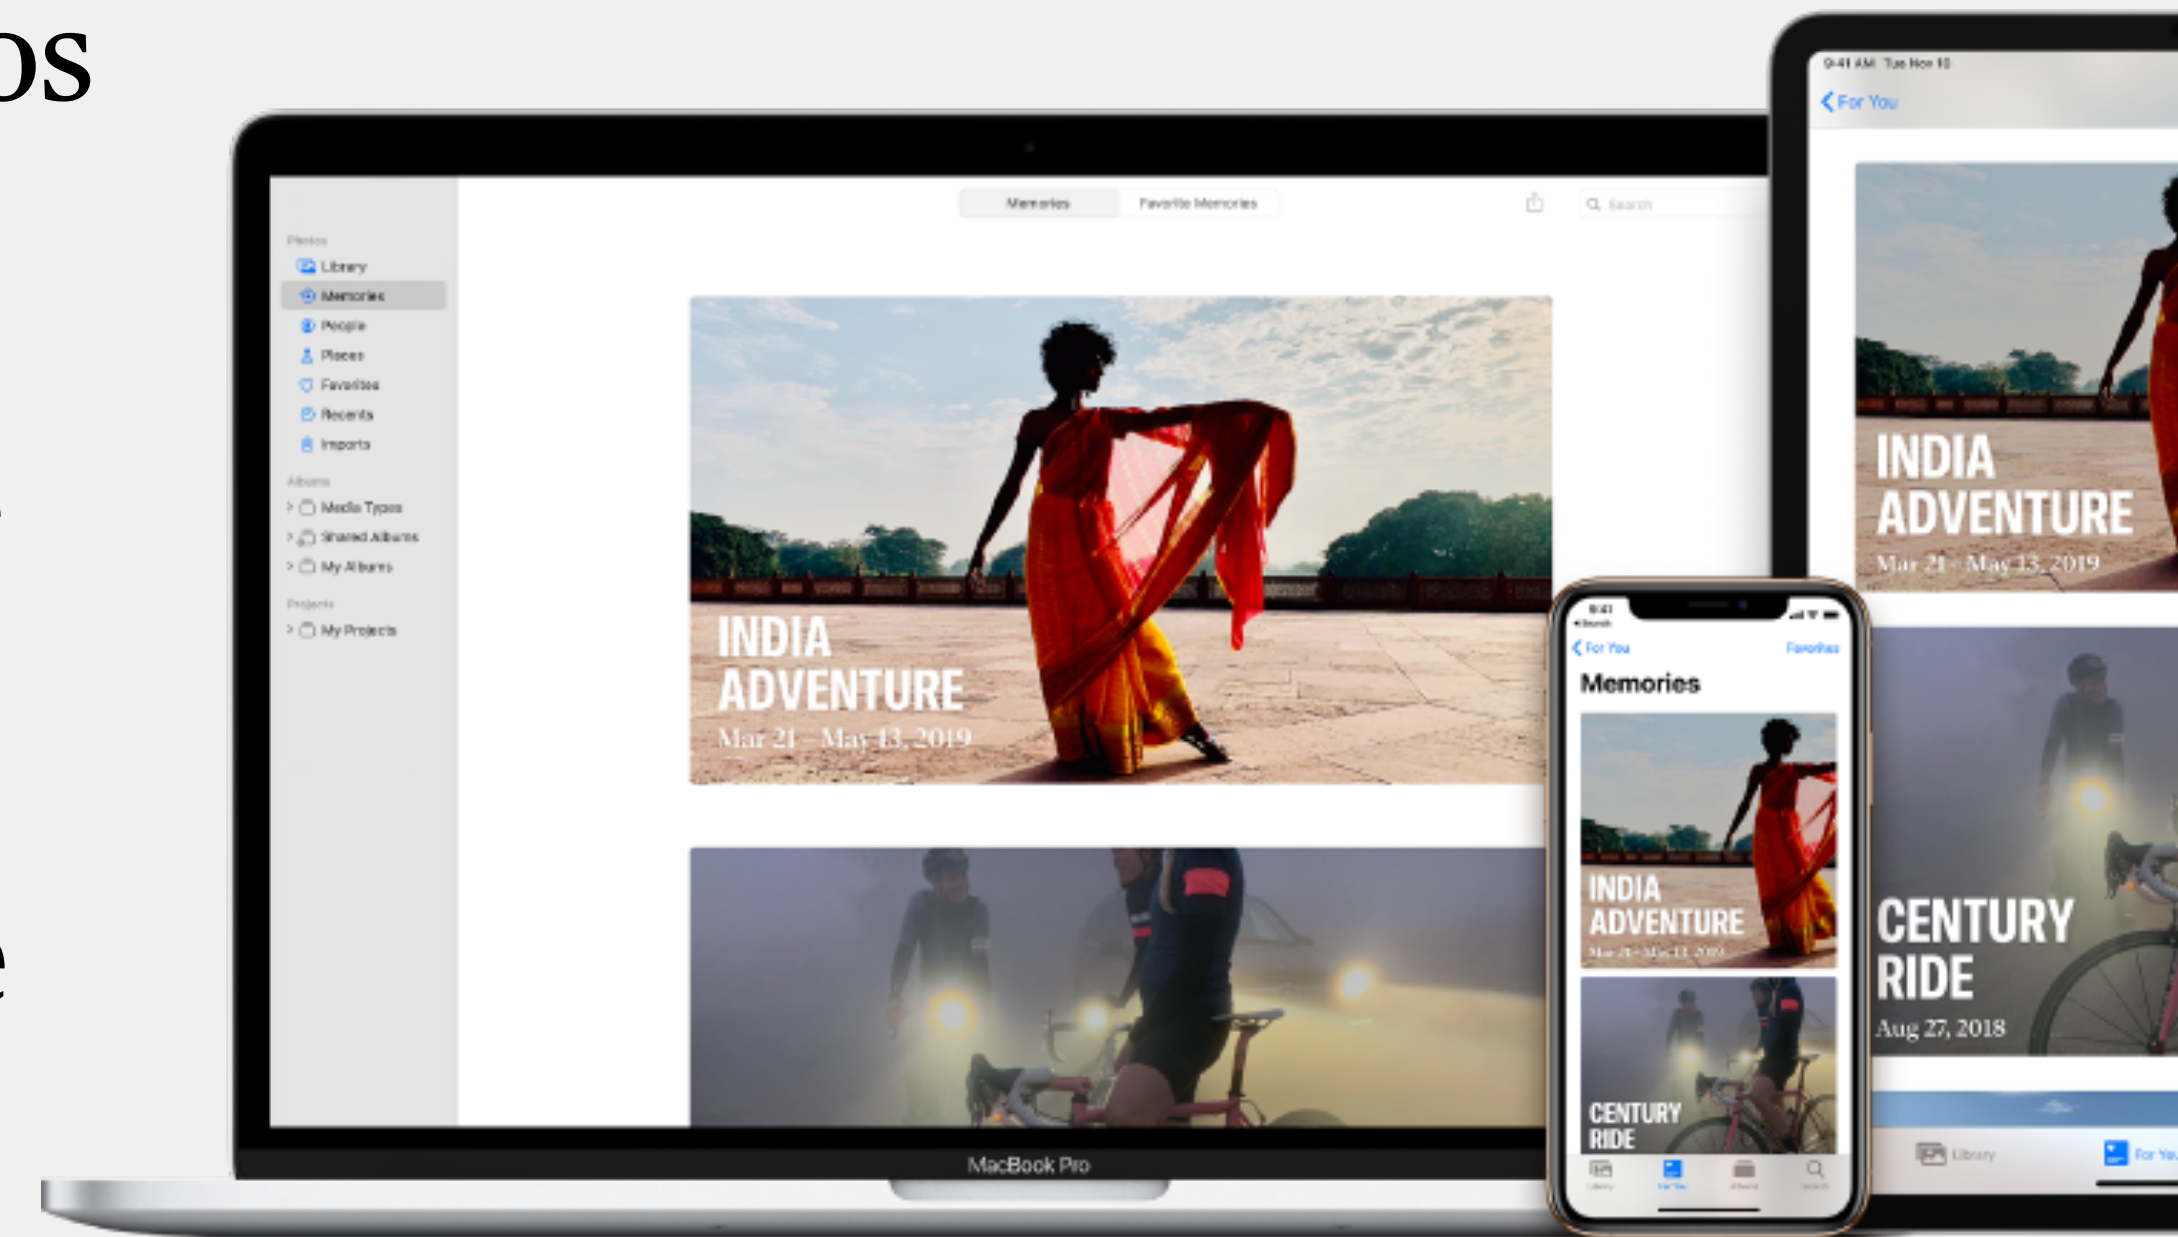

The screenshot shows a YouTube search results page for the query "Apple Photos". The browser's address bar shows "youtube.com". The left sidebar contains the standard YouTube navigation menu: Home, Explore, Subscriptions, Library, History, Your videos, Watch later, Liked videos, and Show more. Below this is the "SUBSCRIPTIONS" section with a list of channels including Apple, Audio Library, AvE, Bare Necessities Crui..., Big Think, Bosnianbill, and Buddy Lee, followed by a "Show 77 more" link. The "MORE FROM YOUTUBE" section at the bottom lists categories like YouTube Premium, Movies & Shows, Gaming, Live, Fashion & Beauty, Learning, Sports, and Settings.

The main content area displays a grid of video results. The first video is "How I use Apple Photos" by Paul Minors, with 7.5K views and posted 5 months ago. The second video is "NEW FEATURES in APPLE PHOTOS using BIG SUR" by Joel Feld, with 5.1K views and posted 4 months ago.
