- Grab an adult beverage and yak it up – virtually – after the meeting!

Clubhouse Upgrade!

From the Cove Apple Club
Archives, July 10, 2019...

Our New Internet Dingus

Our New Internet Dingus

Or, chapter XVXLMI in our never-ending quest to get solid Wi-Fi in the Clubhouse

Cove Wi-Fi

Cove Wi-Fi

- As you know too well, using the Cove's Wi-Fi can be — let's say — challenging, especially in the Snowbird season

Cove Wi-Fi

- As you know too well, using the Cove's Wi-Fi can be — let's say — challenging, especially in the Snowbird season
- And when you consider there are likely 1,000-2,000 devices talking on the Cove's Wi-Fi system, it's a wonder it works at all

Cove Wi-Fi

- As you know too well, using the Cove's Wi-Fi can be — let's say — challenging, especially in the Snowbird season
- And when you consider there are likely 1,000-2,000 devices talking on the Cove's Wi-Fi system, it's a wonder it works at all
- But getting good download speeds here in the Clubhouse has been a real struggle

Our New Dingus

- So tonight, we are trying a new dingus, and a triple-bank shot to bring us solid, uncontested Wi-Fi for our meeting

Our New Dingus

- So tonight, we are trying a new dingus, and a triple-bank shot to bring us solid, uncontested Wi-Fi for our meeting
- It's using a tiny, \$40 travel router, called the GL-iNet AR750 Travel AC Router

How the Sausage is Made

How the Sausage is Made

- We have the dingus plugged into the outlet under cabana #8

How the Sausage is Made

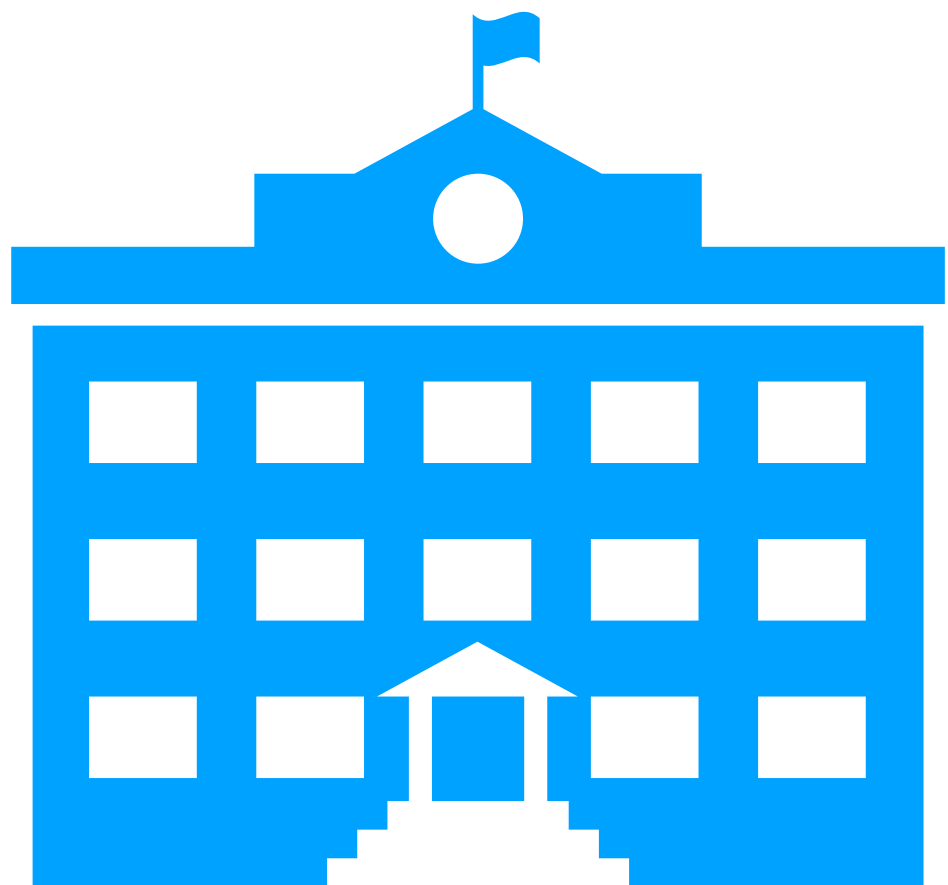

- We have the dingus plugged into the outlet under cabana #8
- The dingus is tuned to pick up the password-protected Wi-Fi signal from the American Nudist Research Library, on the 2.4Ghz band

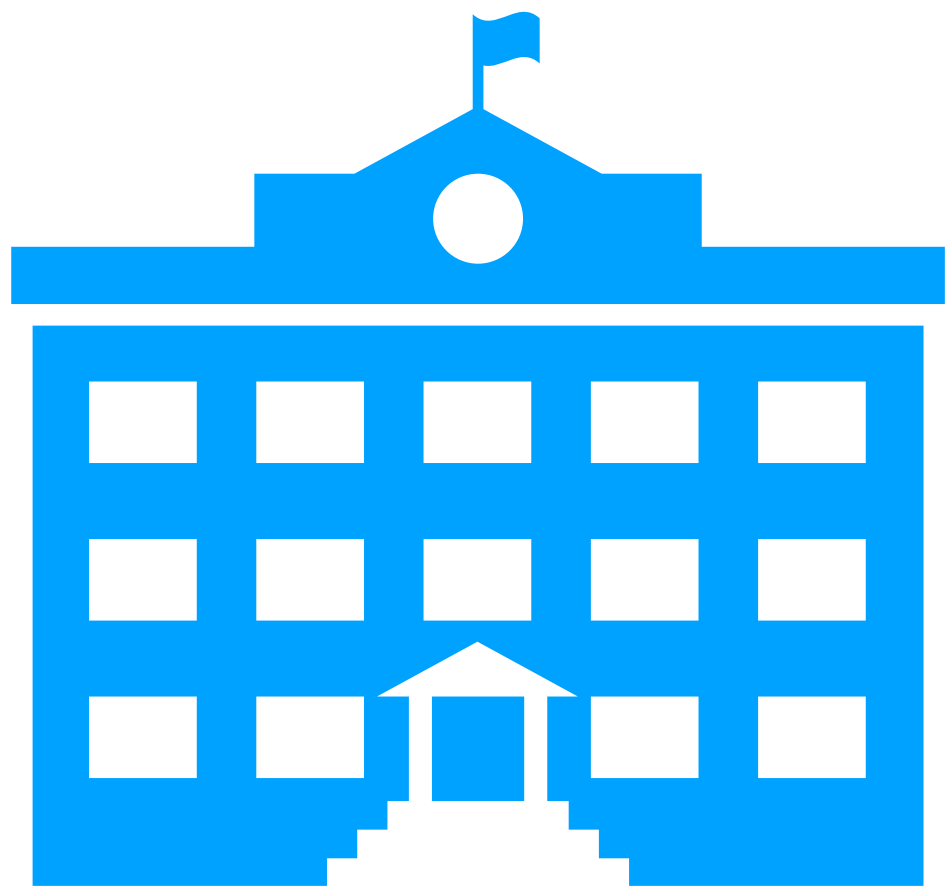

How the Sausage is Made

- We have the dingus plugged into the outlet under cabana #8
- The dingus is tuned to pick up the password-protected Wi-Fi signal from the American Nudist Research Library, on the 2.4Ghz band
- It then “repeats” that signal to us, on the 5Ghz band

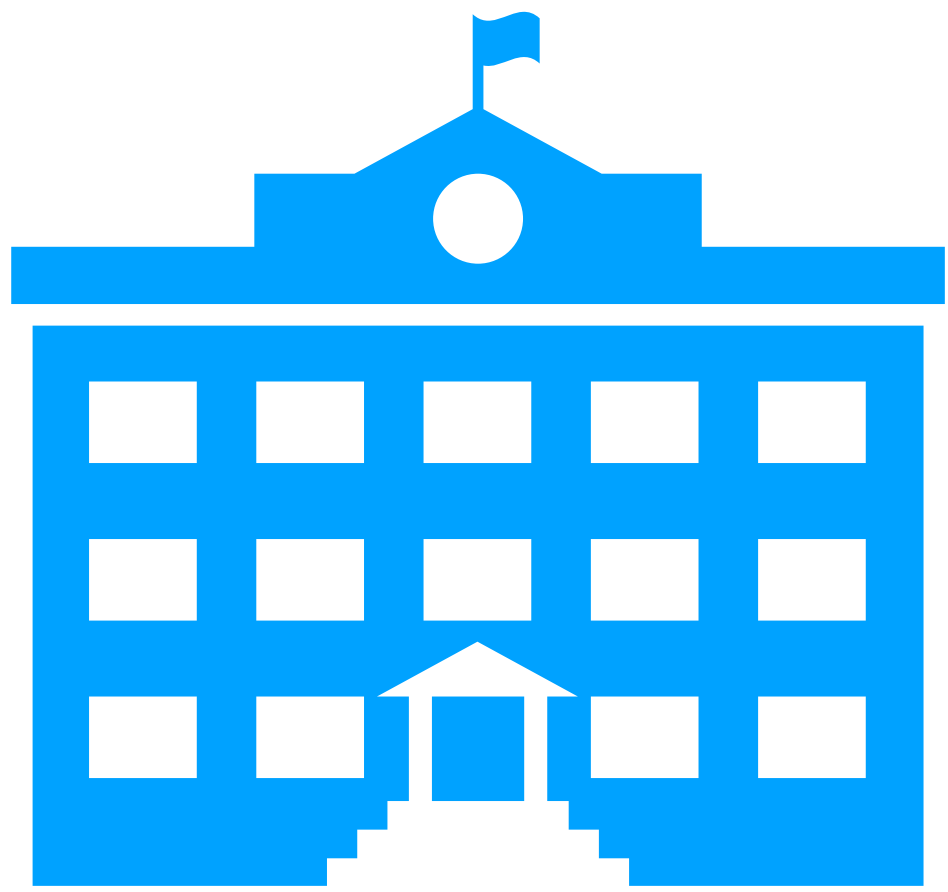

How the Sausage is Made

- We have the dingus plugged into the outlet under cabana #8
- The dingus is tuned to pick up the password-protected Wi-Fi signal from the American Nudist Research Library, on the 2.4Ghz band
- It then “repeats” that signal to us, on the 5Ghz band
- And that signal is also password-protected

Cove Apple Club email blurb, November 13,
2019 – 547 days ago:

Get your meeting pants on! (Or, actually -- **OFF!**)

[View this email in your browser](#)

COVE APPLE CLUB

Have fun & do more with your Apple gear!

Hey hey, Mike & Marilyn!

Can you friggin' believe it? We're BACK!!

After what seems like ages but was 'only' four months and a bit more, the Cypress Cove Clubhouse is back online again as the place where so many people

And wait -- **just wait!** -- until you **see** the new place! It's clean! It's freshly-painted! There are new drapes! There is a **lot** of mint to behold! And, just as we requested, Cypress Cove muckety-mucks went ahead and installed a **super high-speed dedicated 100-megabit fiber optic internet line** into the Clubhouse just for our use!

HAHAHAHAHAHAHAHAHAHA! Just kidding. We still have to perform several unnatural acts to get decent WiFi into the Clubhouse, so some things never change.

But we **DO** hope you'll join us **TONIGHT, Wednesday, November 13th, 2019**, as we re-start whatever it is we do at Cove Apple Club meetings -- some of which is listed below. Our shindig kicks off at **7pm sharp** inside the all-new, all-singing, all-dancing Cypress Cove Clubhouse. And just about when you think you can't stand another second of it, we adjourn promptly at 8pm and head into Cheeks for some well-earned adult hydration.

But if you look around, tonight
you will notice a new dingus
inside the Clubhouse

The new dingus

The new dingus

- *Ubiquiti AC Mesh Pro 802.11ac 3x3 MIMO Outdoor AP with Plug and Play Mesh*

The new dingus

- ***Ubiquiti AC Mesh Pro 802.11ac 3x3 MIMO Outdoor AP with Plug and Play Mesh***
- One of several new mesh Access Points (APs) around the amenity area, part of some Cove Wi-Fi upgrades and spruce-ups

The new dingus

- ***Ubiquiti AC Mesh Pro 802.11ac 3x3 MIMO Outdoor AP with Plug and Play Mesh***
- One of several new mesh Access Points (APs) around the amenity area, part of some Cove Wi-Fi upgrades and spruce-ups
- Ultra-high performance AP capable of supporting hundreds of devices simultaneously

The new dingus

- ***Ubiquiti AC Mesh Pro 802.11ac 3x3 MIMO Outdoor AP with Plug and Play Mesh***
- One of several new mesh Access Points (APs) around the amenity area, part of some Cove Wi-Fi upgrades and spruce-ups
- Ultra-high performance AP capable of supporting hundreds of devices simultaneously
- “Meshed” together with other parts of the network to provide better bandwidth & seamless handoffs

Other fun facts

Other fun facts

- ***Blue LED*** = all good, AP has power, network up, AP connected & meshed, handling traffic

Other fun facts

- ***Blue LED*** = all good, AP has power, network up, AP connected & meshed, handling traffic
- Network switch & cables to other APs in the closet

Other fun facts

- ***Blue LED*** = all good, AP has power, network up, AP connected & meshed, handling traffic
- Network switch & cables to other APs in the closet
- The antenna inside this thing is ***MASSIVE*** – about ***20,000 times bigger*** than the Wi-Fi antenna in your iPhone!

Other fun facts

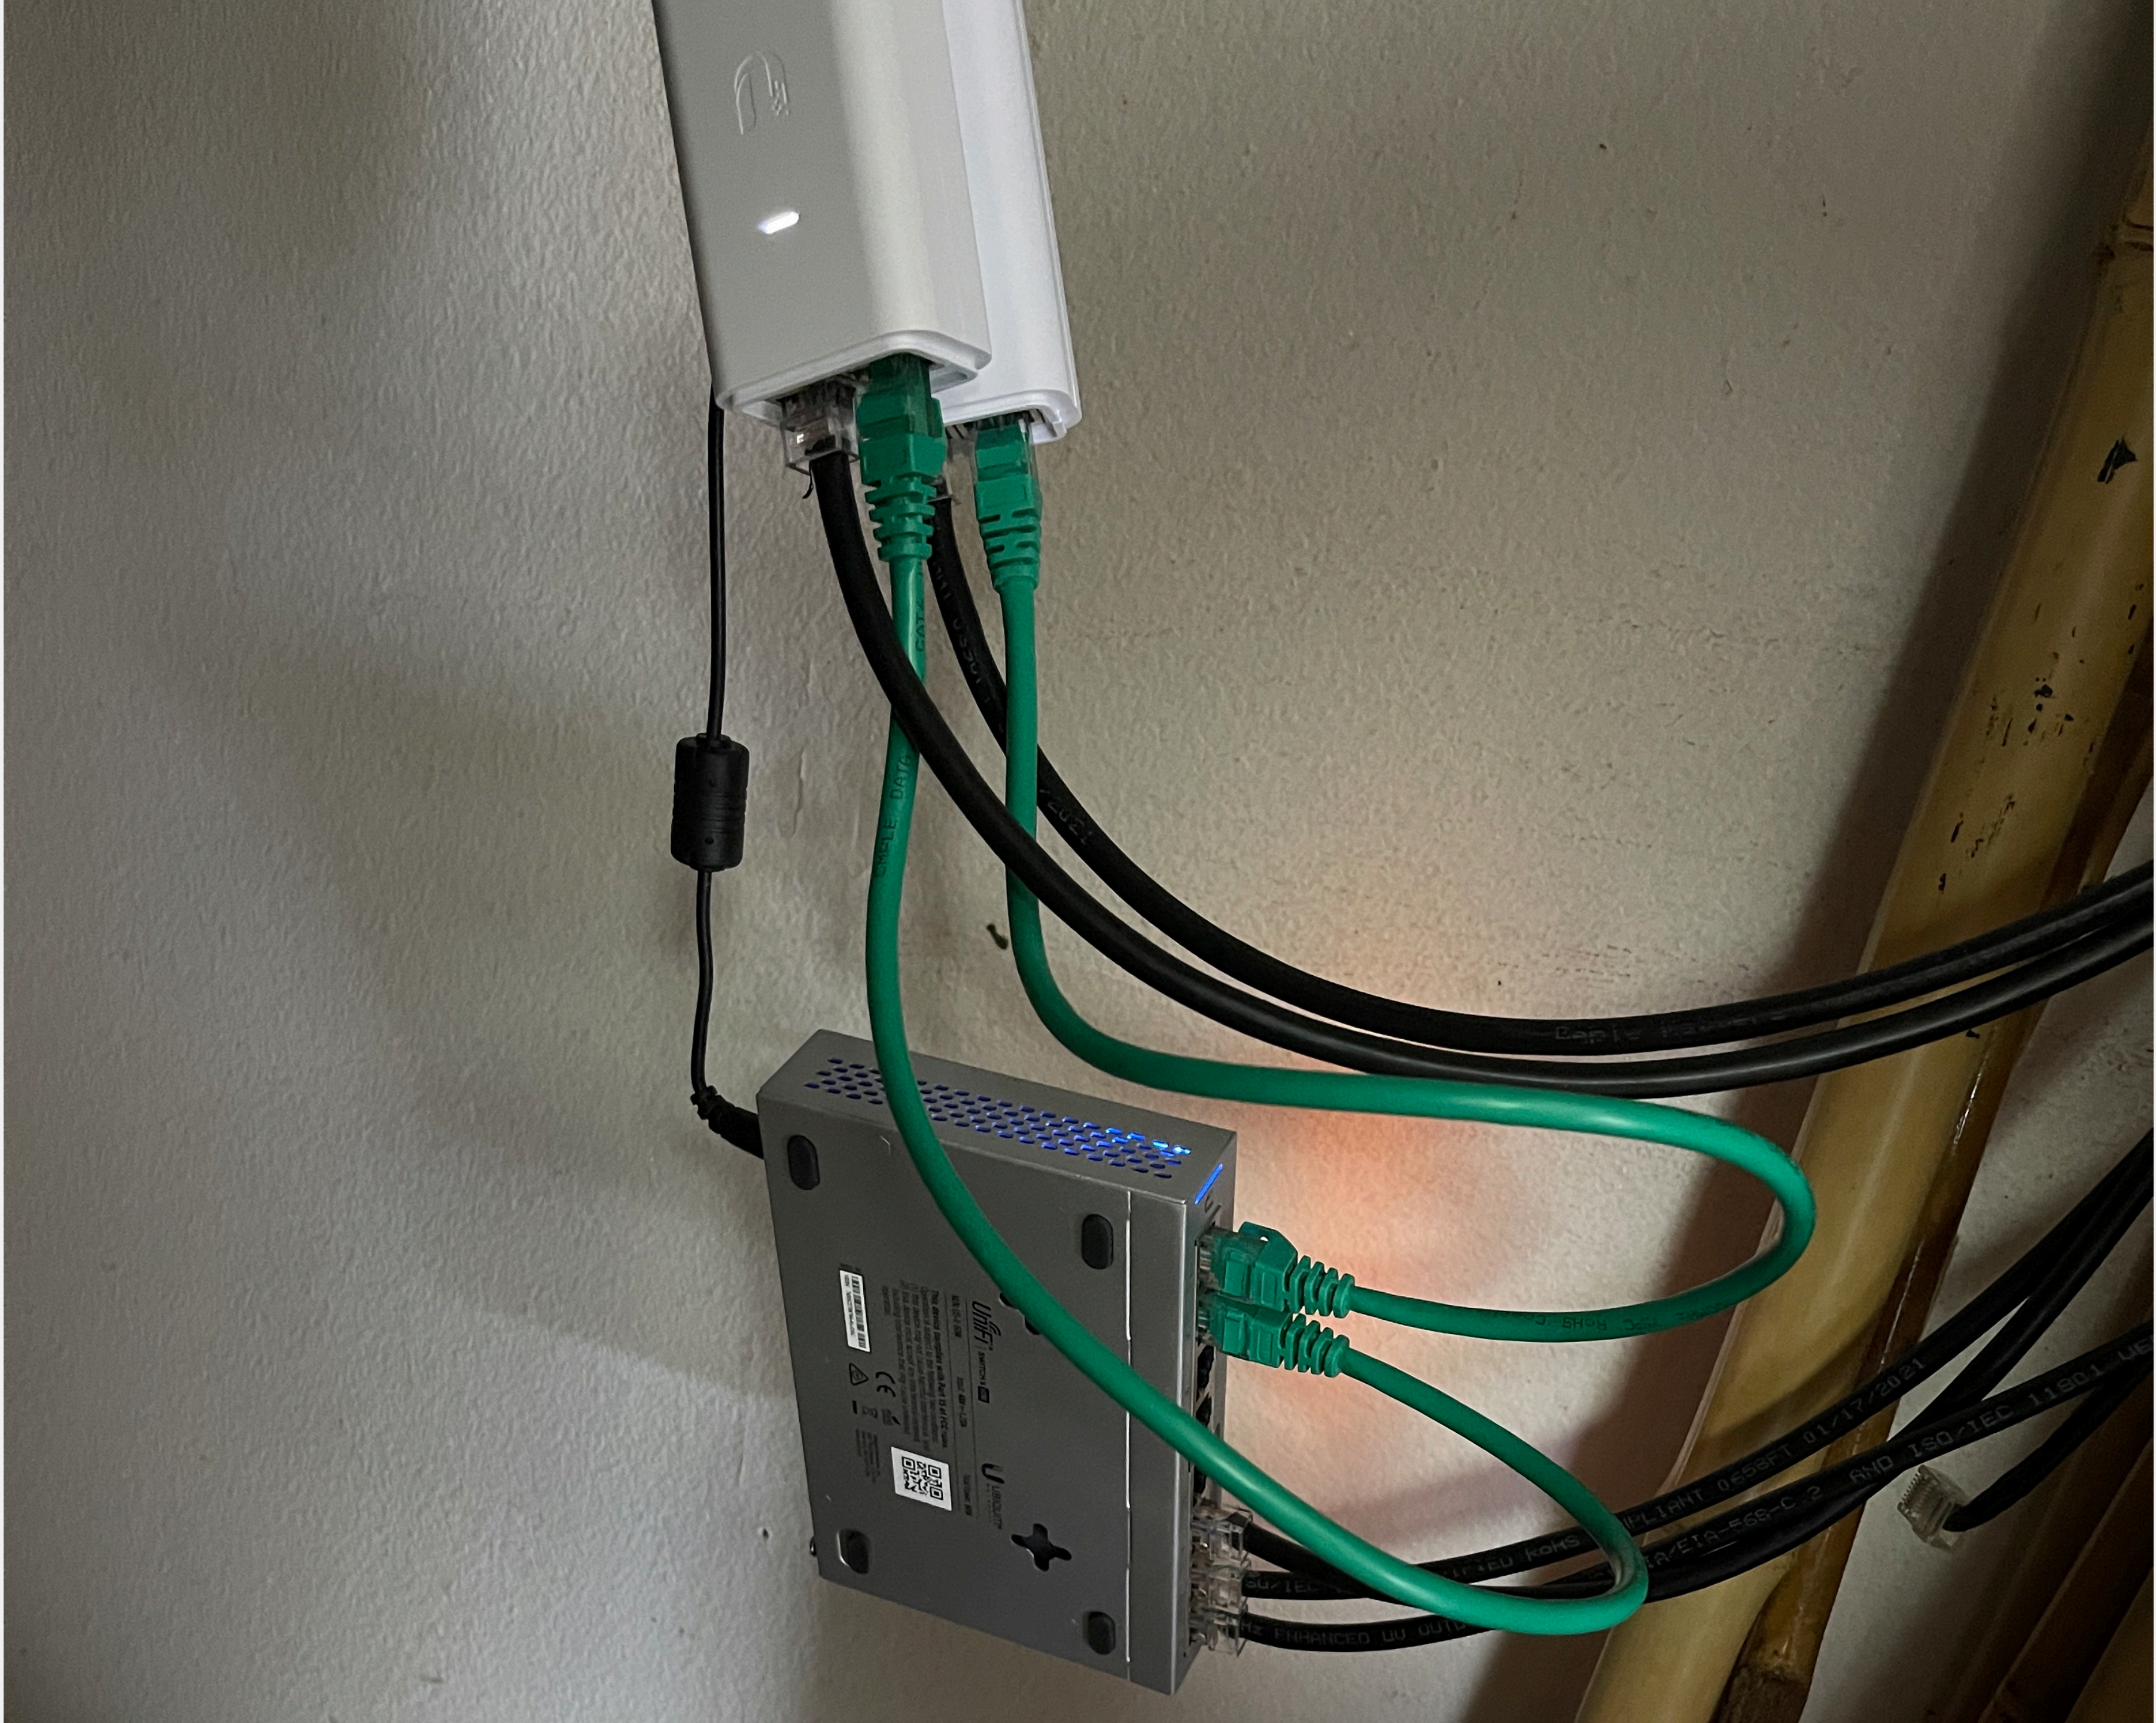

- **Blue LED** = all good, AP has power, network up, AP connected & meshed, handling traffic
- Network switch & cables to other APs in the closet
- The antenna inside this thing is **MASSIVE** – about **20,000 times bigger** than the Wi-Fi antenna in your iPhone!
- You should be able to pick up Wi-Fi on the fillings of your teeth right now

Other fun facts

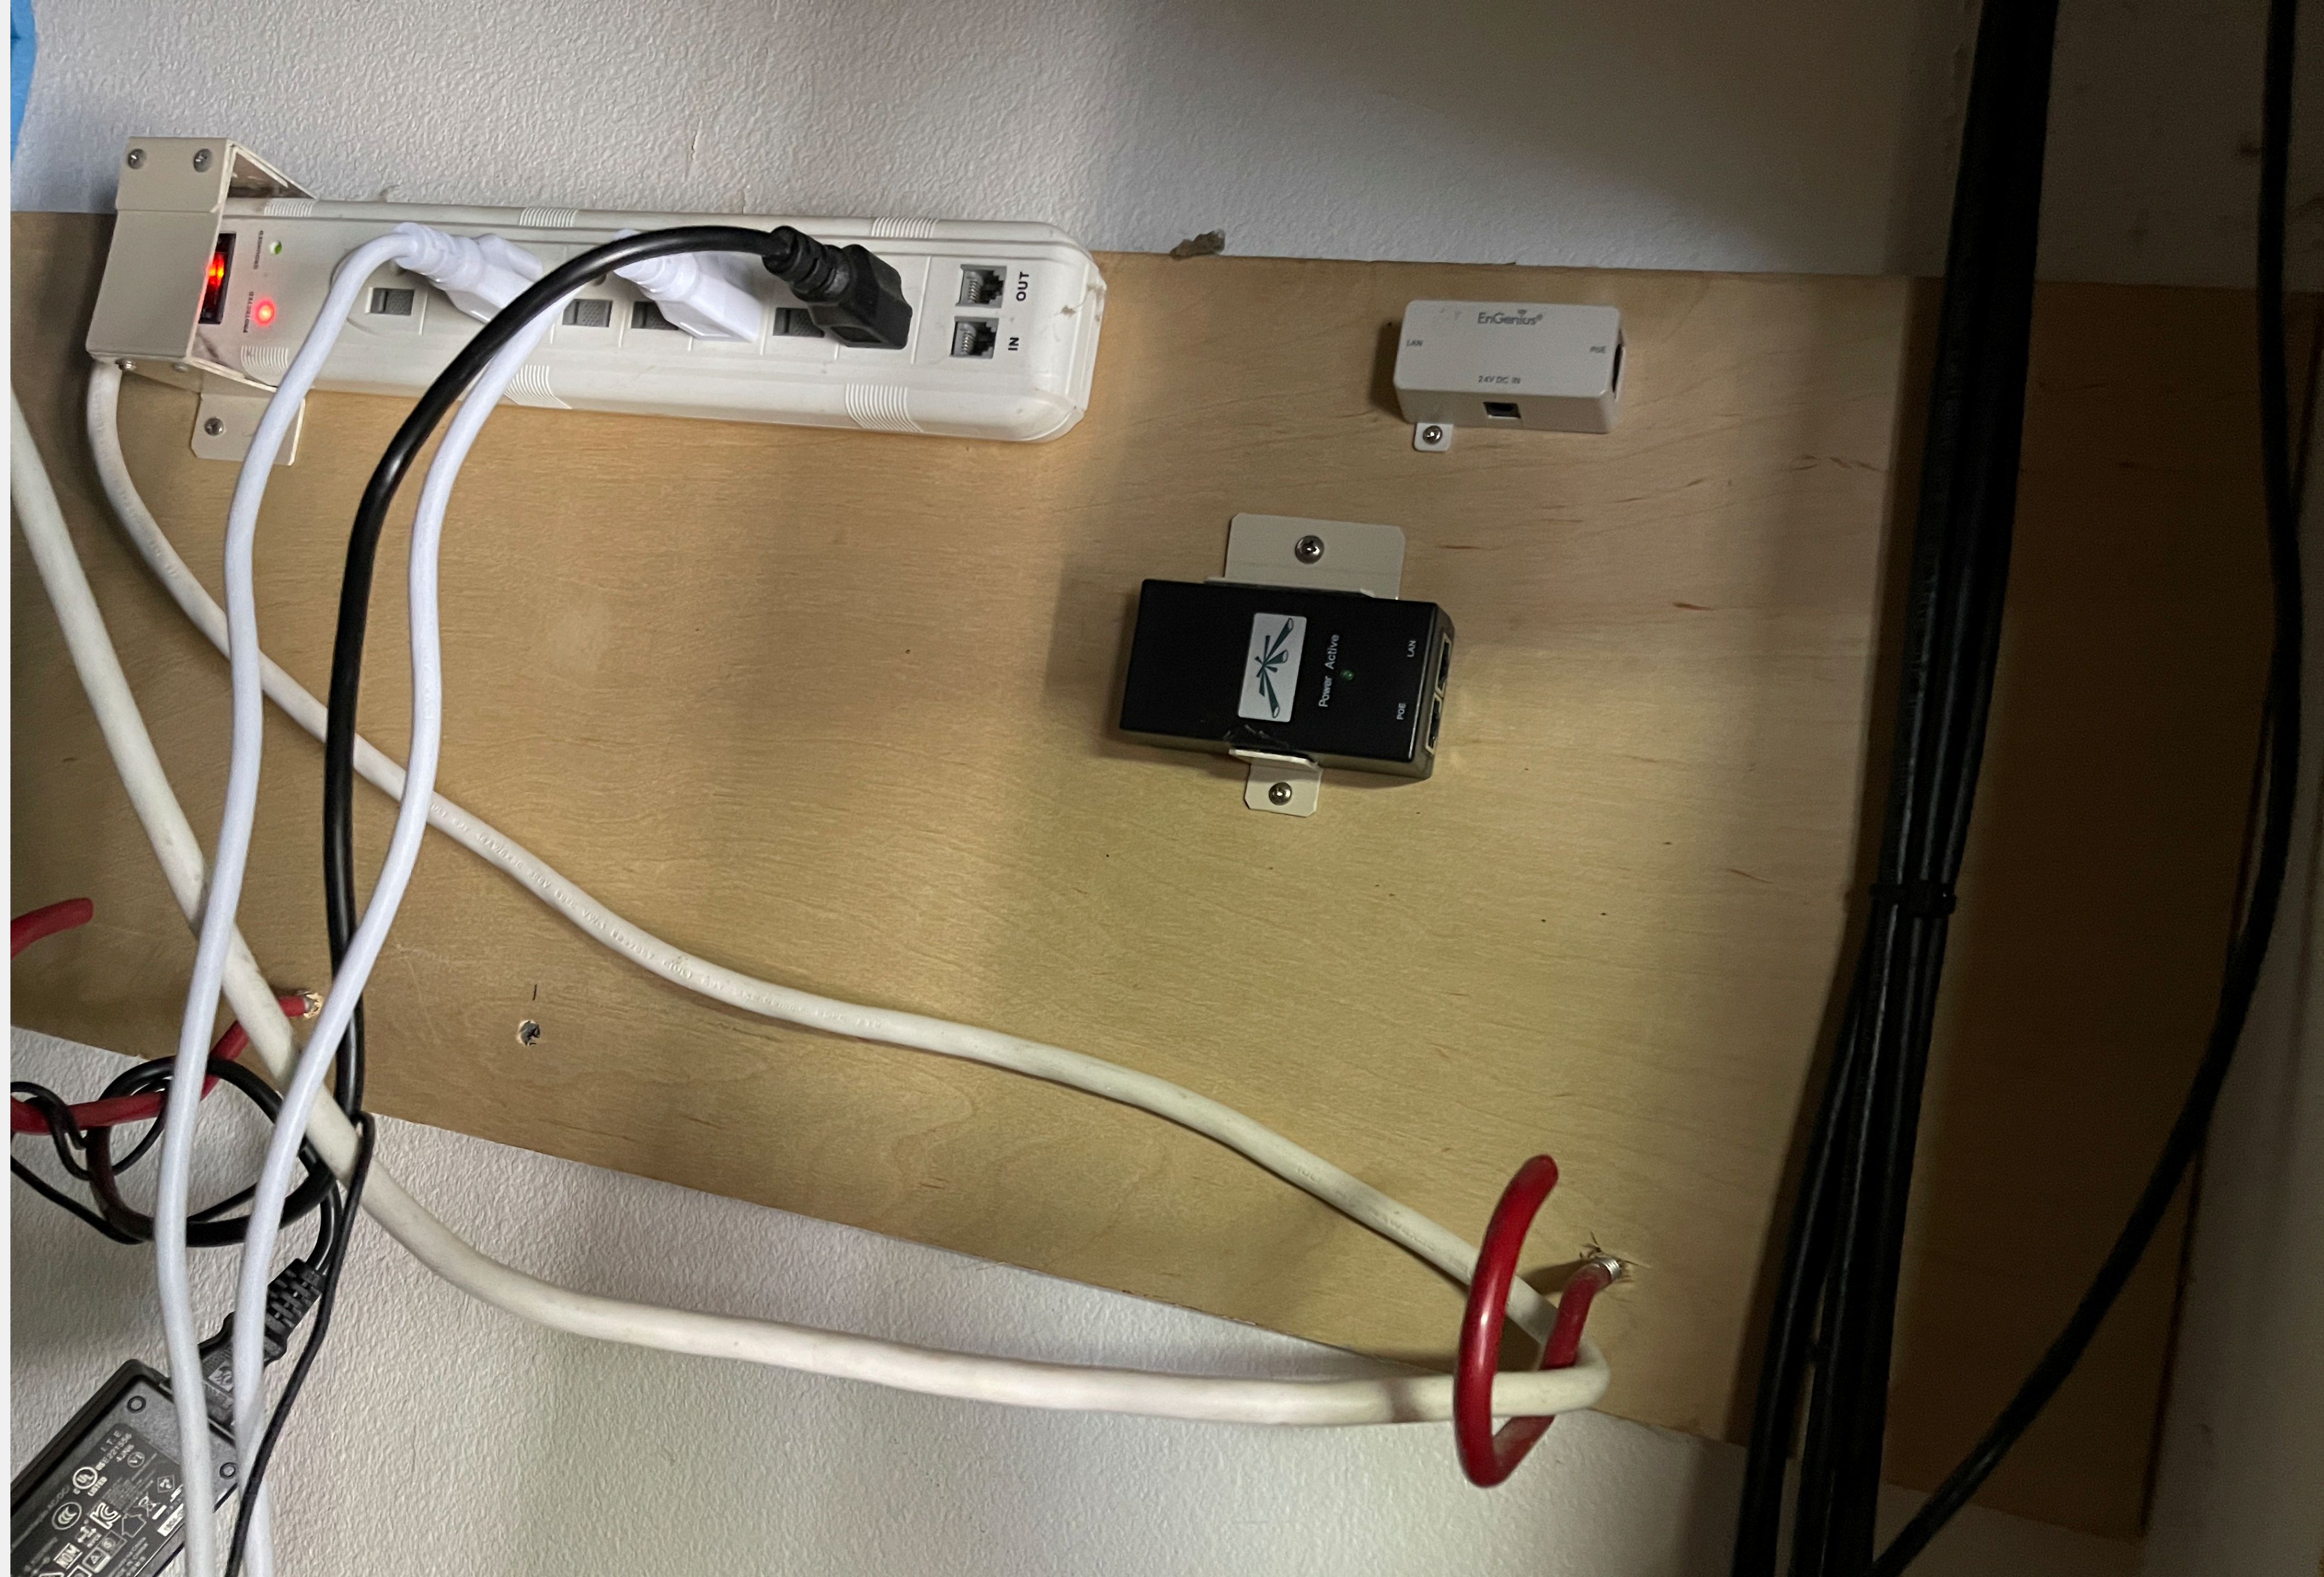

- ***Blue LED*** = all good, AP has power, network up, AP connected & meshed, handling traffic
- Network switch & cables to other APs in the closet
- The antenna inside this thing is ***MASSIVE*** – about ***20,000 times bigger*** than the Wi-Fi antenna in your iPhone!
- You should be able to pick up Wi-Fi on the fillings of your teeth right now
- Network name: “Cypress Cove Resort”

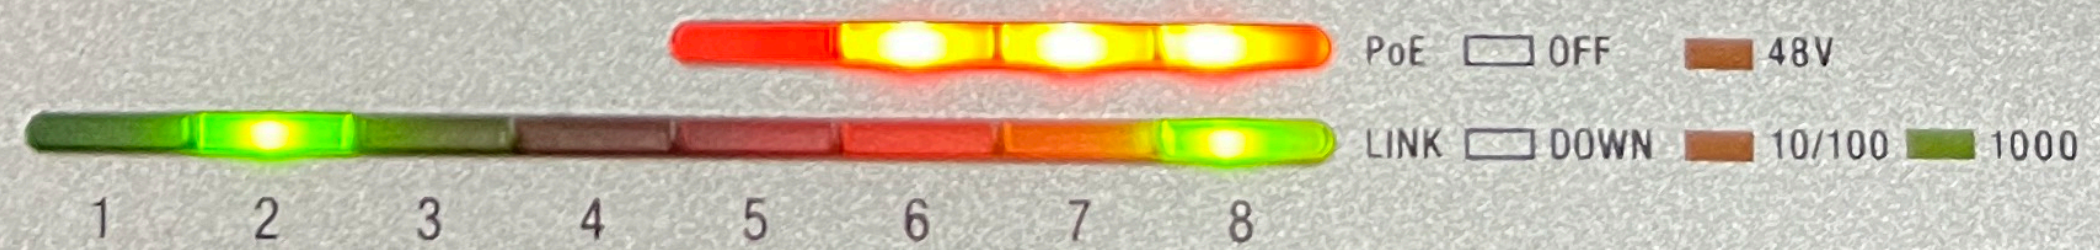

UniFi® | SWITCH 8 60W

You Can Help Keep Our Club Fun and Healthy

Our club is **100% donor-funded** by those who enjoy the Cove Apple Club and want to keep the fun going. If that sounds like you, we'd really appreciate your support -- in any amount, anytime, and by any method -- to help us pay the bills and keep the Club fun and hassle-free.

YOUR donation -- as little or as much as you're comfy with -- keeps the Club fun and healthy for everyone, and if everyone just gives a little bit a few times a year, our money needs will be easily under control.

To make donating easy and safe, we've set up **secure**, easy ways for you to donate online, right from your Mac or iPhone, using Zelle, PayPal or Venmo.

See complete details and step-by-step instructions for each method on [the Donate page](#) on the Club website. Or just hop on over to **CoveAppleClub.com/donate**. If you'd rather mail a check, email info@coveappleclub.com for instructions on how you can do that.
